

Maternal Child Health: Human Lactation

www.myunion.edu

Union Institute & University offers working adults an opportunity to earn a degree in the specialized and unique field of Maternal Child Health: Human Lactation. With the guidance of an advisor, you will develop a program of study that meets your educational needs and career goals.

Bachelor of Science with a major in Maternal Child Health: Human Lactation

Union Institute & University's undergraduate program provides you with the support and guidance of an experienced advisor to help you plan a program of study that meets your educational goals and objectives. Each UI&U degree program serves to broaden your knowledge of the world and deepen your understanding of your academic area of concentration.

The Bachelor of Science degree with a major in Maternal Child Health: Human Lactation can help prepare you to sit for the International Board of Lactation Consultant Examiners (IBLCE) examination by the International Board of Lactation Consultant Examiners. Those wishing to sit for the IBLCE examination will complete the 300 hour internship option. The B.S. with a major in Maternal Child Health: Human Lactation program at Union Institute & University has had a site visit for pursuing initial accreditation by the Commission on Accreditation of Allied Health Education Programs (www.caahep.org). This step in the process is neither a status of accreditation nor a guarantee that accreditation will be granted. Those not wishing to qualify for the IBLCE Academic Pathway may complete an online Applications course. Students who enter the degree program already certified as International Board Certified Lactation Consultants, will, upon matriculation, be awarded credits for their IBLCE.

UI&U's faculty work closely with you to help you gain the most credit for courses taken at regionally accredited colleges or universities or from learning that has occurred outside the formal classroom

Accelerated Completion

- Earn up to eight credits in eight weeks
- Transfer credits from other accredited colleges and universities
- Request credit for knowledge gained outside the classroom through professional service and certification
- Successfully complete CLEP or DSST tests

*Financial Aid available to those who qualify
Recognized as a Military Friendly School*

Master of Arts with a major in Health & Wellness and a focus on Human Lactation

Union Institute & University's dynamic Master of Arts program is designed to meet your unique learning style and personal schedule. Because courses are delivered online, you can earn your degree from virtually any location – as long as you have online access. You are also able to pursue your studies at your own pace. By offering full-time and part-time options, you can schedule your studies around family and professional responsibilities.

Our faculty and staff are ready to give you personalized attention. Our library's extensive online database and highly experienced reference staff are at your disposal. You also learn and are supported by the ongoing online interaction with fellow students.

Students in the Health & Wellness major with a focus on Human Lactation receive a strong background in theory, research methods, evidence-based practice, and health promotion. The M.A. is a minimum 36-credit hour program. Students can register for 9 or 6 credits per term and finish in as little as 16 months.

Students may be Internationally Board Certified Lactation Consultants or they may choose to use the degree (with additional topic areas included) as a pathway to acquire requirements needed to sit for the exam through the International Board of Lactation Consultant Examiners (IBLCE).

The Master of Arts in Health and Wellness program at Union Institute & University has had a site visit for pursuing initial accreditation by the Commission on Accreditation of Allied Health Education Programs (www.caahep.org). This step in the process is neither a status of accreditation nor a guarantee that accreditation will be granted.

Our Mission

Union Institute & University educates highly motivated adults who seek academic programs to engage, enlighten, and empower them to pursue professional goals and a lifetime of learning, service, and social responsibility.

As a working professional on an irregular schedule, I needed a degree program conducive to my situation, yet structured enough to keep me on track. I wanted a serious education. And it was rewarding to write my own degree plan; it gave me ownership.

Union Institute & University is a private, regionally accredited, non-profit university that has, since 1964, taken a different approach to higher education. Union is a nationally recognized university offering programs of study leading to degrees at the bachelor's, master's and doctoral level.

Union Institute & University began with a vision of being a "university without walls"—an institution where working adults could have the opportunity to pursue a degree regardless of where they lived and worked. Many of the most commonly used terms in higher education—nontraditional students, interdisciplinary study, distance learning, mentoring, and social relevance—refer to concepts pioneered by Union more than 50 years ago.

Union Institute & University is a private, non-profit university, accredited by the Higher Learning Commission, www.hlcommission.org.

Union Institute & University does not discriminate in its admissions, employment or policy procedures on the basis of age, race, color, sex, sexual orientation, religion, national origin, political party affiliation, disability, or any other legally-protected characteristic. UI&U's policies and practices conform to all applicable federal and state law including Title VI of the Civil Rights Act of 1964, Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendments Act of 1972, Section 504 of the Rehabilitation Act of 1975, the Age Discrimination in Employment Act of 1975, the Equal Pay Act of 1963, and the Americans with Disabilities Act of 1990, as amended.

The Section 504/Americans with Disabilities Act Coordinator may be contacted at adacoordinator@myunion.edu, 800-861-6400 x1144 or 440 E McMillan Street, Cincinnati, OH 45206.
