INTRODUCTION TO COACHING TEAMS IN HYBRID ENVIRONMENTS

In our post-pandemic world, working remotely is the new norm. In this environment, new skills are required for managers and leaders to effectively coach their hybrid teams, merging the talents of remote professionals with those working in the office. In this workshop you will learn the coaching skills that help leaders maximize team performance and team cohesion. You will gain an understanding of the idiosyncrasies of the modern hybrid workplace and the critical coaching skills this new environment requires.

WORKSHOP LEARNING OBJECTIVES

- Define coaching and its appropriate uses with teams and hybrid environments.
- Identify the similarities and the unique differences of hybrid workspaces.
- Know the steps of coaching and how it improves trust, accountability, & results.
- Develop coaching skills to address performance, behavior, or perception.
