## INSTITUTE & UNIVERSITY

**MASTER OF ARTS  
STUDENT HANDBOOK & THESIS GUIDE**

**2023-2024**

*Union Institute & University reserves the right to amend, modify, or to revise the policies and procedures stated herein as deemed necessary and appropriate.*

... from the MA Program Director

June 1, 2023

Dear MA Student:

Welcome to our program! For over fifty years Union Institute & University has offered graduate degrees at a distance to adult students across the country and around the world. Since 2006, we have offered the Master of Arts degree totally online. We are glad that you have chosen to join our community of scholars.

Although you will be studying at a distance, you will receive full support from our faculty. Program staff are always available to answer your questions and to assist you in resolving any issues that might arise. By becoming part of an online community, you will also receive ongoing support and encouragement from your fellow students.

This student handbook consists of three parts. Part I contains the Master of Arts portion of the 2023-2024 Union Institute & University academic catalog. Part II contains information about the MA faculty, advising, web registration, program policies, thesis requirements, and the graduation process., and Part III contains policies regarding the supervised clinical practice [SCP] in the MA with a major in Human Lactation Studies and the supervised experiential learning [SEL] in the MA with a major in Applied Nutrition and Dietetics. Portions of the university catalog are contained here for your convenience but, in the case of any difference in text, the official catalog language controls. The *University Catalog* can be found at <https://myunion.edu/academics/catalog/>. I encourage you to become familiar with the contents of both documents.

I wish you the best with your studies and hope that your time in the program will be rewarding and enlightening.

Sincerely,

Elden Golden, PhD, JD  
Director, MA Program

## Table of Contents

### Part I – MA Portion of the University Catalog

1.1 Program Overview.....	6
1.2 MA Mission Statement.....	7
1.3 Philosophy .....	7
1.4 MA Major Descriptions.....	8
1.5 Learning Outcomes and Competencies .....	10
1.6 Transfer Credit .....	11
1.7 Program Accreditation and Professional Certification/Licensure....	12
1.8 Registration / Drop-Add / Withdrawal.....	16
1.9 Satisfactory Academic Progress / Grading / Incomplete.....	18
1.10 Program Structure / Course Descriptions .....	22
1.11 Certificates Administered by the MA Program.....	35
1.12 Health Education Certificate .....	27
1.13 Online Teaching & Learning Certificate.....	40

### Part II – MA Faculty, Advising, Registration, Thesis, and Graduation Information

2.1 Master of Arts Faculty .....	42
2.2 Faculty Advisor .....	48
2.3 Preliminary Program of Study .....	48
2.4 Instructions for Web Registration .....	49
2.5 Thesis Proposal.....	52
2.6 Thesis Guidelines.....	52
2.7 Graduation Conference.....	57
2.8 Brian Webb Thesis Award .....	58

### Part III – Policies Regarding Supervised Clinical Practice or Supervised Experiential Learning

3.1 Proof of Health, Liability and Travel Insurance.....	61
3.2 Absence, Injury, or Illness .....	62
3.3 Academic Calendar.....	62
3.4 Site Selection .....	63

### APPENDICES

A. Preliminary Program of Study .....	64
B. Thesis Proposal Template .....	66

C. Thesis Title Page Template .....	69
D. Thesis Abstract Template .....	70
E. Graduation Essay Template .....	71
F. University and MA Learning Outcomes .....	72
G. Thesis Rubric .....	73
H. Graduation Conference Rubric .....	75
I. Sample Clinical Affiliation Agreement .....	77
J. Acknowledgement of Understanding .....	80

## MASTER OF ARTS

**Associate Vice President for Academic Affairs:** Arlene Sacks, Ed.D.

**Program Director:** Elden Golden, Ph.D., J.D.

**Assistant Director:** Sarah Bergh, Ph.D

### 1.1 Program Overview

Credits to Degree for Applied Nutrition and Dietetics Major: 47 semester hours (program length = 84 weeks); maximum 60 semester hours.

Credits to Degree for Applied Nutrition and Dietetics Major with a Specialization in Human Lactation Studies: 62 semester hours (program length = 110 weeks); maximum 64 semester hours.

Credits to Degree for all other M.A. Majors: 36 semester hours (program length = 64 weeks); maximum 60 semester hours.

Academic Year: The academic year is defined as two 16-week terms for financial aid purposes.

Transfer Credits for Applied Nutrition and Dietetics Major: No internal or external transfer credits will be accepted.

Transfer Credits for all Other M.A. Majors: Up to six credits of external transfer. Up to 6, 12 or 18 credits of internal transfer depending on the source.

Calendar: August-December (Fall), January-April (Spring), and May-August (Summer). All terms and courses are sixteen weeks in length.

Enrollment Dates: Fall, Spring and Summer terms.

Minimum Time to Degree: For the Applied Nutrition and Dietetics major, full-time students can complete the degree in six terms/24 months. For the Applied Nutrition and Dietetics Major with a Specialization in Human Lactation Studies, full-time students can complete the degree in seven terms/28 months. For the other M.A. majors, 16 months (for students with no transfer credits); eight months (for students with maximum internal transfer credits).

Full-time Status: Nine semester credits per term.

Part-time Status: Six semester credits per term.

This program is available in a fully online format to residents in California and all [NC-SARA approved states](#). Please check with a student success coach to determine whether your state's regulations will allow you to enroll in this program.

**Student identity is established during the admission process. Once identity is established, system access requires two-factor authentication with a valid user ID and password.**

**Accounts are locked after a number of invalid attempts to login.**

---

\* The agency that accredits the Applied Nutrition and Dietetics major has requested that a handful of statements be added to the catalog language. Those statements can be identified by being in **Times New Roman font, 12 pt., bold** and will be incorporated into the next published edition of the university catalog.

### Academic Program Location

Master of Arts Office  
Union Institute & University  
2090 Florence Avenue  
Cincinnati, OH 45206  
Toll-free: 800-861-6400, ext. 1252

<http://www.myunion.edu/academics/masters>

### **Majors**

- Applied Nutrition and Dietetics or Applied Nutrition and Dietetics Major with a specialization in Human Lactation Studies
- Education or the Education major with an embedded Online Teaching and Learning Certificate
- Health and Wellness
- Human Lactation Studies

The following M.A. majors are suspended for new enrollments beginning Fall 2020.

- Creativity Studies
- History and Culture
- Leadership, Public Policy, and Social Issues
- Literature and Writing

The Tuition and Fee Schedule is available at [myunion.edu/tuition-fees](http://myunion.edu/tuition-fees). **Financial Aid information is available at <https://myunion.edu/financial-aid-overview/>. Scholarship and grant information is available at <https://myunion.edu/scholarships-grants/>.**

Any required M.A. program approvals or requests for policy exceptions are to be directed to the program director and the associate vice president for academic affairs.

## **1.2 Program Mission Statement**

The mission of the M.A. program is to provide an education focused on experiential and individualized learning at the graduate level in a variety of academic disciplines to students who are underserved by traditional graduate education.

## **1.3 Philosophy**

The fundamental philosophy of the program is based on principles set forth by the progressive Vermont educator, John Dewey (1859–1952). Three of his principles, experiential learning, respect for the individual student, and a democratic approach to learning, have been central precepts of the program since its inception.

The relationship between actual experience and education is a central tenet of the program. By focusing on experience, there is a continual interaction between one's inner subjective self and the outer objective environment. Libraries and online learning spaces provide rich resources but need to be supplemented and tested by wider experience. The program aims at scholarship

rooted in ordinary experience that may extend, illuminate, and even transform ordinary experience.

Respect for the individual is built into the program's design. After providing foundational learning in academic scholarship and in the student's chosen major area, the program offers opportunities for individualized learning, allowing the student to tailor the course of study to meet unique personal and professional goals and objectives. In this way, the educational process has the potential to unlock each student's potential for new vision, new forms of art, and new forms of justice that might contribute to the betterment of this world.

In line with the program's commitment to individuality is a commitment to the democratic arrangements that maximize freedom, especially freedom to search, to question, and to discuss. The program recognizes that scholarship is a cooperative enterprise, constructed among individuals who affirm each other's rights, learn from each other's points of view, and appreciate mutual responsibilities.

## **1.4 M.A. Major Descriptions**

- **Applied Nutrition and Dietetics (DIET)**  
SOC Codes: 29-1031 Dietitians and Nutritionists; 29-2051 Dietetic Technicians; 21-1094 Community Health Workers; 21-1091 Health Educators.

The major in Applied Nutrition and Dietetics provides coursework and experiential learning experience in Clinical Nutrition, Food Service Management, Community Nutrition, and Leadership. The Applied Nutrition and Dietetics major blends a high-level graduate degree and experiential learning to offer the student an opportunity to study and develop exceptional skills to provide nutrition care to a variety of populations.

- **Creativity Studies (CRST)**  
**(This major is suspended for new enrollments beginning Fall 2020.)**  
SOC Codes: 27-3043 Writers and Authors; 25-1123 English Language and Literature Teachers; 41-3011 Advertising Sales Agents; 11-2021 Advertising, Marketing, Promotions PR, and Sales Managers; 11-1000 Top Executives; 25-2050 Special Education Teachers; 19-3051 Urban and Regional Planners; 33-3021 Detectives and Criminal Investigators; 11-1021 General and Operations Managers.

Creativity is a vital human resource that exists in all populations, ethnicities, and cultures. Although cultures influence the expression of creativity by what is valued, supported, or suppressed, humans continue to create, even in the direst/ circumstances. All culture, in its many varied forms, is the result of accumulated acts of creativity and the urge to create may be one the defining characteristics of humanity. Students in the Creativity Studies concentration will explore major theories of the source, nature, and development of creativity from ancient Greece to the present. The creative person, the creative process, and the creative product will be examined from multiple perspectives. The study of creativity is inherently interdisciplinary with major contributions from the fields of philosophy, psychology, education, the arts, and religion.

- **Education (EDUC)**  
SOC Codes: 25-1081 Education Teachers, Postsecondary; 25-2000 Preschool, Elementary, Middle, Secondary, and Special Education Teachers; 25-3000 Other

Teachers and Instructors; 25-9020 Farm and Home Management Educators; 25-9030 Instructional Coordinators; 25-9040 Teaching Assistants.

The non-licensure M.A. with a major in education studies provides students with the opportunity to gain graduate-level skills and credentials in education and to further focus their education studies. The MA-EDUC major provides a strong theoretical foundation in theory and research methods allowing the student to fully engage with the academic community of educators.

- **Health & Wellness (HWEL)**

SOC Codes: 21-1094 Community Health Workers; 21-1091 Health Educators; 11-9111 Medical and Health Services Managers; 17-2111 Health and Safety Engineers, Except Mining Safety Engineers and Inspectors; 29-9011 Occupational Health and Safety Specialists; 21-1022 Healthcare Social Workers; 25-9030 Instructional Coordinators.

The major in Health & Wellness provides a comprehensive understanding of the health-related issues facing the world today. Students are trained to empower others to take control of their health and implement and maintain healthy behaviors. The MA-HWEL major provides a strong foundation in theory and research methods with evidence-based practice, health promotion, and public education. Students design their own focus in fields such as Complementary and Alternative Medicine (CAM) or Health Education.

- **History & Culture (HISC)**

**(This major is suspended for new enrollments beginning Fall 2020.)**

SOC Codes: 19-3093 Historians; 19-4061 Social Science Research Assistants; 39-7011 Tour Guides and Escorts; 25-4010 Archivists, Curators, and Museum Technicians; 25-1125 History Teachers, Postsecondary; 19-3094 Political Scientists; 11-1031 Legislators; 27-3041 Editors.

History & Culture is a broad major encompassing many possibilities for fields of study, questions to ask, and approaches to take. The MA-HISC major draws from a wide range of disciplines including: history, anthropology, historical studies, area and cultural studies, archeology, women's studies, art history, peace and justice studies, museum studies and many more. Some of us are interested in postmodern theory, others in language, others in social history or feminist scholarship, and still others in ethnography, to name a few. The range of topics and approaches enhances our larger conversation and stimulates thoughts that we might not have otherwise had!

- **Human Lactation Studies (LACT)**

SOC Code: 29-9099 Healthcare Practitioners and Technical Workers, All Other. All healthcare practitioners and technical workers not listed separately.

Breastfeeding has positive global health and economic implications, which cannot be duplicated in any other form, and as such, it has been studied for decades. The Human Lactation Studies major offers students the ability to learn from previous research while building the skills and strategies necessary in breastfeeding management as they prepare to become International Board Certified Lactation Consultants (IBCLC) and/or aid in their professional develop as a seasoned IBCLC. The MA-LACT major provides a strong foundation in research methods, health care ethics, evidence-based practice, and experiential learning.

- **Leadership, Public Policy & Social Issues (LPPS)**  
(This major is suspended for new enrollments beginning Fall 2020).  
SOC Codes: 11-1021 General and Operations Managers; 19-3094 Political Scientists; 25-1065 Political Science Teachers, Postsecondary; 27-3031 Public Relations Specialists; 11-1031 Legislators; 11-9030 Education Administrators; 27-3031 Public Relations Specialists; 25-9030 Instructional Coordinators; 11-9111 Medical and Health Services Managers.

The Leadership, Public Policy & Social Issues major addresses pressing problems and issues facing our societal institutions — public, private and nonprofit. Through a multidisciplinary perspective, students enhance their understanding of these related disciplines. Students develop a sound knowledge of foundational theory and appropriate research methods. Specific areas such as policy analysis, decision-making and effective leadership are examined. Students learn about the formulation of public policy, gain historical and cultural perspectives on social movements, examine the interaction of social change with legal and ethical issues, and examine the role of leadership in creating and facilitating this change. In keeping with the university's mission, ethical leadership and social responsibility are stressed throughout the curriculum.

- **Literature & Writing (LITW)**  
(This major is suspended for new enrollments beginning Fall 2020.)  
SOC Codes: 27-3043 Writers and Authors; 25-1123 English Language and Literature Teachers; 27-3041 Editors; 19-3094 Political Scientists; 19-3093 Historians; 41-3011 Advertising Sales Agents; 11-2021 Advertising, Marketing, Promotions PR, and Sales Managers.

The Master of Arts major in Literature & Writing provides the opportunity for intensive study in a variety of literary and related fields in the English language. Students explore how literature intersects with contemporary, historical and cultural forces, and examine critical theory as it relates to their area of interest. The structure of the program gives its students considerable flexibility in choosing the focus of their studies. Students can pursue their literary interests, from the Renaissance to Rap and from Chaucer to Toni Morrison. Although our Master of Arts is not a creative writing degree, this major does allow students to incorporate their own creative writing into their study.

## 1.5 Program Learning Outcomes

The goals and objectives of the M.A. program are consistent with the mission, vision, core principles, and values of Union Institute & University. The following university outcomes and M.A. program outcomes are regularly assessed at both the university level and the program level.

University Outcomes
<b>I. Communication:</b>
Express and interpret ideas clearly, using a variety of written and oral and/or visual forms.
<b>II. Critical and Creative Thinking:</b>
Use different modes of disciplinary and interdisciplinary inquiry to explore ideas and issues from multiple perspectives.

<b>III. Ethical and Social Responsibility:</b>
Express ethical and social implications in one's social, professional, artistic and/or scholarly practice.
<b>IV. Social and Global Perspectives:</b>
Articulate a perspective on power in the world and one's own place in the global community.
<b>M.A. Program Outcomes</b>
<b>V.1. Knowledge Base:</b>
Demonstrates knowledge of the scholarly conversation (evolution of ideas, major debates, theories, methods, and/or approaches) related to the field(s) of study.
<b>V.2. Application and/or Experiential Learning:</b>
Academic inquiry is informed by application and/or experiential learning.

## 1.6 Transfer Credit

### 1.6.1 External Transfer Credit

Students who wish to transfer credits from another institution of higher learning are governed by the following transfer credit policies:

- The program will determine the acceptance of transfer credit.
- Up to six graduate-level transfer credits may be accepted.
- To qualify for acceptance, the credits must:
  - Be listed on an official transcript from a regionally accredited college, university or foreign equivalent, sent directly from the sending institution to the admission office.
  - Be granted by a regionally accredited institution of higher learning or equivalent.
  - Be clearly identified on the transcript as graduate level.
  - Be closely related to the course of study as judged by the program.
  - Be a grade B (or equivalent) or better.
  - Be listed in whole semester hour credits or, if listed in quarter credits, then they will be converted into semester hour credits.
  - Not have been applied to any other earned degree.
- No external or prior learning credits will be accepted toward the Applied Nutrition and Dietetics major. **The program does not accept prior learning experiences.**
- **No external transfer credits will be accepted in the Health Education or Online Teaching & Learning certificate programs.**

### 1.6.2 Internal Transfer Credit

Students who have earned graduate-level credits in another program of Union Institute & University may apply those credits to their program of study, subject to the following limitations:

- The program will determine the acceptance of internal transfer credit.
- To qualify for acceptance, such credits must:
  - Be graduate-level credits.
  - Be closely related to the course of study as judged by the program.
  - Be a grade B (or equivalent) or better.
  - Not have been applied to any other earned degree.
- Number of internal transfer credits:

- No more than 18 credits may be transferred from a M.A. graduate certificate to the M.A. program, and no more than 18 credits may be transferred from a combination of internal credits from a graduate certificate and external transfer credits.
- No more than 12 internal transfer credits may be transferred from the Health Education Certificate to the M.A. program.
- No more than 12 credits may be transferred from the Cannabis Studies certificate to the M.A. program, and no more than 12 credits may be transferred from a combination of internal credits from the Cannabis Studies certificate and external credits.
- No more than 12 credits may be transferred from the Certificate in Online Teaching and Learning to the M.A. program.
- In all other cases, no more than six credits may be transferred from an internal UI&U program to the M.A. program, and no more than 12 internal credits and external transfer credits combined will be accepted.
- No internal credits will be accepted in the Applied Nutrition and Dietetics major.

Enrollment in the program is not to be less than eight months. In rare situations, exceptions to this policy may be made at the discretion of the director and the associate vice president for academic affairs.

### **1.6.3 Credits Applied to a Previously Earned Degree**

If credits applied to a previously earned degree are closely related to one or more of the core courses, the student may petition the M.A. director to replace up to six credits of the core courses with additional M.A. application course credits.

## **1.7 Program Accreditation and Professional Certification/Licensure**

### **1.7.1 IBLCE Pathway 2**

The Union Institute & University M.A. major in Human Lactation Studies has received its initial accreditation by the Commission on Accreditation of Allied Health Programs (CAAHEP) through January 31, 2023, and offers the didactic lactation-specific education and clinical practice experience required for the International Board of Lactation Consultant Examiners (IBLCE) Pathway 2 accredited academic program. Since not all Pathway 2 students will have completed the IBLCE-required 14 prerequisite health science courses prior to entering UI&U's M.A. major in Human Lactation Studies, students may take more than 36 credits in order to complete all the prerequisite health science courses. Only those students who also complete a 300-hour internship and show successful completion of all lactation-specific competencies will qualify for the IBLCE exam.

Commission on Accreditation of Allied Health Education Programs  
 113<sup>th</sup> St. N. #7709  
 Seminole, FL 33775  
 727-210-2350  
[caahep.org](http://caahep.org)

### **Eligibility to Enter Human Lactation Studies Internship**

To enter into a supervised clinical practice internship, students must submit an Internship Application & Articulation Agreement at least two months prior to beginning the internship. Students must also meet the following criteria:

- Meet criteria for satisfactory academic progress (SAP) by the end of the term preceding enrollment in the Internship.
- Successfully complete all prerequisite courses.
- Submit a signed Articulation Agreement for the internship location.
- Maintain a minimum grade point average of 3.00.
- Submit vaccine records.
- Submit criminal identification and investigations record checks.
- Submit proof of professional liability insurance coverage in the amount of \$1 million per occurrence and \$3 million aggregate; more if required by the placement location.
- Submit proof of health insurance coverage.
- Submit proof of automobile insurance coverage, where applicable. **The university is not responsible for student safety when traveling to, from, or within the experiential learning site.**
- Adhere to the Union Institute & University Policies Governing Student Conduct.
- **Students may not be used to replace employees in the experiential learning site.**

**The university is not responsible for injury or illness while at the experiential learning site.**

Students are responsible for planning, securing, and completing the two 150-hour internship terms (300 hours total) in their own community.

### **Internship Fee**

Students taking the pathway 2 track and entering the supervised clinical practice internship will be assessed a non-refundable internship fee of \$125 when enrolled in LACT 528.

There are additional requirements for the IBLCE exam that are not part of the degree. For exam requirements, visit [IBLCE – International Board of Lactation Consultant Examiners](http://iblce.org) (iblce.org). It is the student's responsibility to confirm that all exam qualification and application requirements are met. Note that IBLCE updates these requirements periodically.

### **1.7.2 Applied Nutrition and Dietetics Major**

Beginning in 2024, a master's degree will be required to gain candidacy to sit for the Registered Dietitian Nutritionist (RDN) Examination. Union Institute & University's Master of Arts with a major in Applied Nutrition and Dietetics is an accredited graduate demonstration program under the Future Education Graduate Model Accreditation Standards. The Accreditation Council for Education in Nutrition and Dietetics (ACEND) released the *Future Education Model Accreditation Standards* for programs in nutrition and dietetics ([acend@eatright.org/acend](mailto:acend@eatright.org)). These accreditation standards integrate didactic coursework with supervised experiential learning in a competency-based curriculum designed to prepare nutrition and dietetics practitioners for future practice. Program graduates will be eligible to take the Commission on Dietetics Registration (CDR) credentialing exam to become a Registered Dietitian Nutritionist (RDN).

Registered Dietitian Nutritionists (RDNs) are the world's leading experts in the use of food and nutrition to promote health and prevent and/or manage disease. RDNs work in a variety of settings including but not limited to hospitals, private practice, public health departments/clinics, food service operations, hunger relief agencies, nonprofit organizations, schools and universities. Many states and U.S. territories have provisions that regulate the dietetics profession and associated titles (e.g., dietitian and nutritionist) and as such require state

licensure and certification of dietitians. Please be sure you are educated on the regulations in your state or U.S. territory. Further information can be found here: [cdrnet.org/state-licensure](http://cdrnet.org/state-licensure).

Accreditation Council for Education in Nutrition and Dietetics  
120 South Riverside Plaza  
Suite 2190  
Chicago, IL 60606-6995  
Phone 800-877-1600, ext. 5400  
E-mail: [acend@eatright.org](mailto:acend@eatright.org)  
[eatrightpro.org/acend](http://eatrightpro.org/acend)

### **Diversity, Equity, and Inclusion Policy Statement**

The faculty of the Master of Arts with a major in Applied Nutrition and Dietetics at Union Institute and University are committed to creating a learning community that is diverse and inclusive of all racial, ethnic, income, gender identity, sexual orientation, disability, regional and international, faith, political, intellectual, linguistic, and other differences. We recognize that becoming “more diverse” does not by itself mean “more inclusive.” We believe that members of marginalized and historically underrepresented groups must be treated as equal members of the learning community, with equal respect, attention, and resources and equitable representation of their perspectives, cultures, and histories. Our commitment to diversity, equity, and inclusion manifests in our faculty and staff, our curriculum, our selection of materials, our approaches to teaching, our relationships with students and colleagues, and our engagement with the world beyond Union. We strive to be conscientious and self-monitoring in our own learning about diversity and in assessing how well we are living up to our values.

### **Degree Earned and Completion Requirement**

Upon completion of UI&U's Future Graduate Program students will receive a Master of Arts with a major in Applied Nutrition and Dietetics degree. Students are to have successfully completed all M.A. program course requirements, including 47 semester credit hours of courses, with a cumulative grade point average of at least 3.0, and all university degree requirements to be eligible to be reviewed as a candidate for graduation and receive a verification statement.

### **Verification Statement**

Verification statements required by ACEND will be issued to all students who successfully earn a Master of Arts with a major in Applied Nutrition and Dietetics degree. Forms will be processed promptly following the registrar's confirmation of the student's degree noted to the student's record, typically within one month following graduation. **The Verification Statement will be sent electronically to the email address listed in the student's official record.** In addition to the Verification Statements, all documentation will be sent to the Commission on Dietetic Registration after confirmation of the degree, typically within one month following graduation.

### **Eligibility to Enter Dietetics Experiential Learning Placement**

Students are responsible for planning, securing, and completing all experiential learning requirements in their own community.

To enter into an Experiential Learning Placement, students must submit a Supervised Experiential Learning (SEL) Application and Affiliation Agreement prior to enrolling in their first term in the Master of Arts program.

Students must also meet the following criteria:

- Submit a signed Affiliation Agreement for all Experiential Learning Placement locations.
- Maintain a minimum grade point average of 3.00.
- Submit vaccine records.
- Submit criminal identification and investigations record checks.
- Submit drug test if required by placement location.
- Submit proof of professional liability insurance coverage in the amount of \$1 million per occurrence and \$3 million aggregate; more if required by the placement location.
- Submit proof of health insurance coverage.
- Submit proof of automobile insurance coverage, where applicable. **The university is not responsible for student safety when traveling to, from, or within the experiential learning site.**
- Adhere to the Union Institute & University Policies Governing Student Conduct.
- **Students may not be used to replace employees in the experiential learning site.**

**The university is not responsible for injury or illness of students while at the experiential learning site.**

**Students are responsible for planning, securing, and completing the Supervised Experiential Learning (SEL) rotations in their own community.**

### **Complaints and Grievances**

The program director of the Applied Nutrition and Dietetics major will manage complaints and grievances from students and preceptors. These records along with the resolution and action will be filed for a period of seven years. Students are encouraged to discuss all issues with the program director first. Students should follow the university policies and procedures for Student Complaints and Appeals described in this catalog. Preceptors should follow the procedures described in the Preceptor Agreement they sign with the university. If students or preceptors have complaints about noncompliance with ACEND accreditation standards, and they feel they are not resolved in a timely or satisfactory manner using the above procedures, students or preceptors can file a complaint with ACEND. Retaliation against individuals who file grievances under this procedure or who otherwise participate in the grievance process is prohibited.

### **Accreditation Council for Education in Nutrition and Dietetics**

**120 South Riverside Plaza**

**Suite 2190**

**Chicago, IL 60606-6995**

**Phone 800-877-1600, ext. 5400 E-mail: [acend@eatright.org](mailto:acend@eatright.org)**

### **Assessment**

The Master of Arts program follows the UI&U Assessment Cycle for university and program outcomes. This includes summative assessment by the program and by students. The program director of the Applied Nutrition and Dietetics major will also perform summative assessment each summer semester using course rubrics for all courses in the major.

## **1.8 Registration**

Master of Arts students will select courses following the Course of Study described below or their Preliminary Program of Study which is agreed upon by the student, the faculty advisor, and the program office.

- Registration is required prior to the start of each 16-week term.
- Students with a past due balance must obtain financial clearance from the Business Office prior to the term's start date.
- Full-time enrollment status in the Master of Arts is defined as nine credits per term. Students may also enroll with part-time status (six credits per term). Tuition is prorated accordingly. Refer to the current registration and tuition policies for more information.
- Tuition is due on the first day of each new term. The tuition and registration policies for each program are published annually on the university's website.
- Students register in CampusWeb through web registration. Registration is initiated by the student following consultation with the faculty advisor or assistant director and must be approved by the faculty advisor. When web course registration closes for a term, any changes to registration must be approved by the program office.
- Approval of the Registration Agreement (which includes the Financial Responsibility Agreement) constitutes acceptance of academic policies and financial responsibility for tuition obligations as outlined in the university catalog. The student must click "I agree" to the Registration Agreement at the time of web registration or approve by signature on a registration form.
- A student's web registration must be approved by the program before financial aid will be disbursed.
- **One (1) \$100 late fee per term of enrollment will automatically be charged to student accounts that have unpaid balances after 30 days unless there is an Automatic Recurring Billing arrangement set up with the Business Office.**
- All questions regarding registration and course offerings should be directed to the student's faculty advisor or the assistant director in the M.A. program office and not the Admissions Office. All questions regarding financial aid status or eligibility should be directed to the Office of Financial Services.

### **1.8.1 Drop/Add and Withdrawal Policy**

#### **Student's Right to Cancel**

Students have the right to cancel an enrollment agreement and receive refund of charges if notice of cancellation is made within fourteen (14) calendar days of the term or by the seventh (7<sup>th</sup>) calendar day of the student's eight-week session start date if applicable.

**Deadlines for academic course adds, drops, and withdrawals are as follows. Refer to the Schedule of Adjustments below for the financial effect of drops, and withdrawals.**

- **The Drop/Add Deadline:** Course may be added for 15 days from the start of the term. Courses may be dropped for 30 days from the term start date. Courses dropped after 30 days will receive a grade of W on the academic record. The effective date of the drop/add is the postmark date of a written request, the date of an email request, or the date a phone call is received by the faculty advisor or the Registrar's Office.
- **Academic Withdrawal Policy:** Students may withdraw through the last day of the term by notifying the university in writing prior to the last day of the term.

**Drop/adds can impact continuing financial aid eligibility.** Financial aid adjustments are based on federal guidelines. Students should contact the Office of Financial Services (800-861-6400, ext. 2005 or [financialaidcounselors@myunion.edu](mailto:financialaidcounselors@myunion.edu)) immediately if they plan to drop any courses. All drop/add requests must be approved by the faculty advisor, the program director, or their designee.

**Adding or dropping courses by the published deadline may alter the student's tuition charges for the term in the following manner:**

- If the number of credit hours added equals the number dropped, there will be no adjustment of tuition.
- If the number of credit hours added is greater than the number dropped, tuition will be charged for the difference at the applicable tuition rate for the full term.
- If the number of credit hours dropped is greater than the number added, tuition will be adjusted for the difference per the Schedule of Adjustments.

The following table shows the percentage of tuition to be adjusted for dropped courses.

Schedule of Adjustments	
Week One	100%
Week Two	100%
Week Three	75%
Week Four	50%
Week Five and Thereafter	0%

**WITHDRAWAL POLICY AND RELATED REFUND OF CREDIT BALANCE**

- A program withdrawal is considered to be a complete withdrawal from the university. The date of withdrawal is the earlier of the following:
  - The date the student notifies the university.
  - The ending date of the previous term if the student fails to register for a new term.
  - The date the student specifies as the date of withdrawal if this date is after the date of notification.
- The withdrawal should be submitted by the student, using the official UI&U Withdraw Form located on CampusWeb, after consultation with their designated campus official. The designated campus official is the student's faculty advisor. The designated campus official may also email the student a direct link to the official UI&U Withdraw Form upon request.
- The effective date of withdrawal is noted on the UI&U Withdraw Form, which is the date the student notifies the designated campus official. Verbal withdrawal requests are only accepted from a student to the designated campus official. Once the official UI&U Withdraw Form is submitted, the student's intent to withdraw will be communicated directly to the appropriate university departments for processing. When a student withdraws from the university prior to the end of a term/session, all incomplete courses for which the student is currently registered at the time of withdrawal will be recorded as W (withdrawn) on the student's transcript. If the withdrawal is effective at the end of the term/session, the grade as supplied by the evaluating faculty for each course will be posted to the student's transcript.

- A student who fails to notify Union Institute & University of withdrawal from the program is financially responsible for all tuition and fees charged for the complete term/session. Tuition is not prorated for coursework with earned academic credit.

### **Adjustments of Tuition and Fee Charges for Program Withdrawals**

Adjustments of tuition and fee charges for program withdrawal from the university are processed as reported to the Business Office from the Registrar's Office. The amount of refundable tuition and fee charges to the student is based on the percentage (%) of completion of the current term of enrollment.

- If a student withdraws **before completing 60%** of the current term of enrollment, the amount of tuition refunded to the student is calculated as follows:

$$\% \text{ refunded} = \frac{\# \text{ of days in session or term minus } \# \text{ of days completed}}{\# \text{ of days in session or term}}$$

For example, if a student withdraws on day #11 in a 56-day session, the % refunded is 80%.

- If a student withdraws **after completing 60%** of the current term of enrollment, tuition is considered earned and the student will receive no refund.

Credit balances resulting from withdrawals are refunded either upon request by contacting the Business Office at 800-861-6400, ext.1095 or within 30 days of the withdrawal date whichever is sooner. Credit balances resulting from withdrawals will not be held by the university.

**A student who fails to notify Union Institute & University of withdrawal from the program is financially responsible for all tuition and fees charged for the complete term or session.** Tuition is not prorated for coursework with earned academic credit. The amount of the tuition adjustment, if applicable, will be determined by the effective date of the withdrawal. A refund (if applicable) will be issued after financial aid adjustments are made. Financial aid adjustments are based on federal guidelines.

## **1.9 Satisfactory Academic Progress Review Policy (SAP)**

Satisfactory Academic Progress (SAP) requirements are reviewed each term by the program office for students matriculated in the program. The Master of Arts uses a plus/minus (+/-) letter grade system. A student is making satisfactory academic progress when a grade of B or better is received and recorded on the student's official university transcript with the applicable earned credit hours (1-6). If the work for a course is unsatisfactory, a rating of Unsatisfactory (U) and no credit hours will be awarded.

- A student who receives a U rating, or multiple U ratings in the same term, is not making satisfactory academic progress and will be placed on academic probation.
- A student who receives additional U ratings in a subsequent term will be administratively withdrawn from the program. The program director will notify the Office of Financial Services and the Registrar's Office of any student who is administratively withdrawn for academic reasons.

### **Academic Probation**

Faculty advisors, in consultation with the director, review the academic progress of enrolled students at the end of each term. Students who do not meet satisfactory academic progress as defined above will be notified in writing of their change in status and placed on academic probation for one 16-week term.

During the probationary period, the student is required to meet with the student success coach to develop a plan for returning to good academic standing. The student is also referred to the Office of Student Support Services to take advantage of services that may assist with a return to good academic standing. Should the student's progress continue to be below standards at the end of the monitoring period, they will be administratively withdrawn from the program. Under special circumstances, and only upon review and approval from the director, students may be granted an additional term in the program, should there be evidence of academic improvement. Such an extension must be initiated by the student, with the support of the student's faculty advisor, in a formal written request sent to the director.

Students identified by faculty and/or preceptors as having minimal chances of successfully completing the program will be advised to seek counsel with the Office of Student Support Services.

#### **1.9.1 Readmission after Dismissal for Unsatisfactory Academic Progress or Conduct**

- A student dismissed from the university due to unsatisfactory academic progress may not enroll in any UI&U program or courses for a period of one year. Students who want to return to the university must reapply and be accepted after a program director's or program chair's review on a case-by-case basis.
- A student dismissed for reasons of poor conduct has the right to review and appeal this decision as outlined by the applicable university policy. Ordinarily such dismissal is permanent; however, the program director, dean, or program chair will review requests for readmission on a case-by-case basis.

#### **1.9.2 Student Financial Aid Satisfactory Progress Policy**

Financial aid recipients must make satisfactory academic progress toward a degree in order to receive institutional, federal, and/or state aid. Student financial aid satisfactory academic progress will be reviewed at the end of each term for which a student is enrolled.

Please review the Student Financial Aid Satisfactory Academic Progress (SAP) Policy in the Financial Aid Resources and Services section of the university catalog. If you have any questions regarding this policy, please do not hesitate to contact the Office of Financial Services.

#### **1.9.3 Grading Policy**

All M.A. major and certificate courses registered and attempted each term are ultimately evaluated on a plus/minus (+/-) letter grade system. Letter grades A, A-, B+, B, and U are used to document the overall completion of courses each term, and several other grading codes are used to indicate the specific status of each course at any time. All courses registered will receive one of the following grade/status codes at the conclusion of each term. The following summary provides definitions for each grade or status that may be found in a student's registration record.

The evaluation and grading criteria for each course taken will be described in detail in the course syllabus. The criteria may include scholarly papers, presentations, participation in class discussions, case studies, and examinations, as well as professional and ethical behavior with instructors and classmates and at clinical or experiential learning sites.

**Note:** Grades of U, I, and W may adversely affect a student's satisfactory academic progress.

The grade point average (GPA) is obtained by dividing the total number of earned quality points by the total number of quality hours earned. This program requires a minimum cumulative GPA of 3.00.

Grade	Criteria
<b>A</b>	Academic work reflects impressively thorough and accurate knowledge of assigned material, including the complexities and nuances of major and minor theories, concepts, and intellectual frameworks; exceptional evidence of capability to compare, assess, and synthesize material; especially strong capability to logically critique extant theories and claims and to develop persuasive arguments based on original thinking. <b>4.0 Quality Points</b>
<b>A-</b>	Criteria for A work not fully met. <b>3.70 Quality Points</b>
<b>B+</b>	Criteria for B work is more fully met. <b>3.30 Quality Points</b>
<b>B</b>	Academic work reflects accurate grasp of major concepts, theories, and prevailing knowledge; abundant evidence of capability to offer informed analysis of extant knowledge and ideas; clear capability to synthesize and apply key information from prevailing knowledge; appropriate critiques of extant theories and knowledge; considerable demonstration of capability to develop and logically present own judgments. <b>3.0 Quality Points</b>
<b>U</b>	Academic work reflects insufficient capability to comprehend and accurately present ideas and information; superficial and unpersuasive critiques; little evidence of capability for original thinking. Unsatisfactory performance is defined as any performance less than a B. A "U" grade should be given only on the basis of less than satisfactory work and <b>should not be given because a student has not been present in a seminar. (In such a case, a V attendance indicator should be given.)</b> <b>0.0 Quality Points</b>
<b>W</b>	<b>Withdrawal:</b> Student initiated withdrawal from a seminar or the program. Withdrawal from the program discontinues connection to university passwords and accounts.
<b>I</b>	Academic work reflects substantial completion (at least 67%) of the learning activities assigned but additional time needed beyond the end of the enrollment period in which to successfully achieve and document all learning results. Refer to the program's Incomplete Grade Policy in this catalog. Students must initiate a request for an Incomplete grade by completing the Petition for An Incomplete Grade Request Form, which indicates work to be completed. Such requests must be approved by the program director. Students have until the end of the next term to convert I grades to final grades, even if the student withdraws in the I extension

	term. If the student has not satisfactorily completed the work by the end of the extension, the I grade will be converted to a U grade. The U grade will be posted automatically by the registrar when an activity previously graded as Incomplete (I) is not successfully completed within specified program timelines. No credit is earned for the I grade until it is converted to the final grade. <b>0.00 Quality Points and does not calculate into the GPA.</b>
<b>N</b>	N indicates no grade has been reported for a course at the conclusion of the term. N is a temporary code that converts to one of the above codes once the necessary program information has been reported to the Registrar's Office. No credit is granted for a course as long as it is coded with the N.

*Note: Refer to the UI&U Attendance and Engagement Policy in this catalog.*

<b>NE</b>	<b>Never Engaged:</b> An NE attendance indicator will be assigned during the first 21 days of each term for a student who neither attends nor engages in a registered class.
<b>V</b>	<b>Vanished:</b> A V attendance indicator will be assigned six weeks after the beginning of a term by the dean's office or during end-of-term grading by a faculty member for a student who attends/engages in a registered class but subsequently ceases to attend/engage in the class and does not officially withdraw from the class.

### 1.9.4 Incomplete Grade Policy

Students are expected to complete all coursework requirements by the end of each registered term in order to receive a grade and academic credit for the term. If unable to do so, the student may petition for an Incomplete (I) grade from the faculty instructor. Incompletes (I) can be awarded only when all of the following conditions are met:

- Illness, accident, or other unusual extenuating circumstances beyond the student's control make it impossible for a student to complete required coursework during the term in which they are enrolled in the course.
- The student has completed at least two-thirds (67%) of the required coursework in the registered course.
- The student has a passing grade in the registered course at the time of the petition.

The granting of an Incomplete is at the discretion of the course instructor. A grade of Incomplete (I) must be requested by the student and the petition completed by the day grades are due for the term. An Incomplete may not be requested as a means of obtaining a higher grade in the course if a student is not meeting course requirements and standards. When an Incomplete is recorded, the student must satisfactorily complete all required coursework prior to the end of the next term. However, in cases when the successful completion of one course is a prerequisite to another course or to another step in the program (e.g., practicum, internship, or capstone), the instructor may insist on a shorter time frame, or the program may prohibit registration for the subsequent course until requirements for the prerequisite have been met. If the coursework is not satisfactorily completed by the end of the next term, the grade will automatically be converted to an Unsatisfactory (U) grade and posted by the registrar.

It is the student's responsibility to initiate a petition for an Incomplete (I) grade with the course instructor by completing, signing, and dating a Petition for an Incomplete Grade form. The petition includes a supporting rationale for the request, a list of outstanding coursework, and a

plan/timeline for completing those assignments. It is encouraged that the student discusses the request for an Incomplete (I) with the course instructor prior to the deadline for filing the petition. Medical documentation may be requested for students petitioning for an Incomplete due to medical concerns. The filed petition may be approved or denied by the course instructor.

If approved, the instructor submits the signed petition to the assistant director and submits a grade of I to the Registrar's Office. Upon satisfactory course completion, the instructor completes a grade change request form from the registrar.

## 1.10 Program Structure

### 1.10.1 Program Length

The Master of Arts is a minimum 36-semester-hour program. Students who complete 36 credits of M.A. coursework take a minimum of 16 months, or four terms, to complete the degree. Students who transfer in 12 credits from the Health Education Certificate (internal transfer credits only), the Online Teaching and Learning Certificate, the Certificate in Leadership in Public Service, the Cannabis Studies Certificate, or from a combination of internal and external transfer credits, can complete the M.A. degree in 12 months or three terms. Students who transfer in 18 credits from one of the graduate certificates can complete the M.A. degree in eight months, or two terms. Students in the Applied Nutrition and Dietetics major complete 47 credits of M.A. coursework and take a minimum of five terms to complete the degree. Students in the Applied Nutrition and Dietetics major with a Specialization in Human Lactation Studies complete 62 credits of M.A. coursework which will take a minimum of seven terms to complete the degree. The Master of Arts program allows students to exceed 36 or 47 or 62 credits with program approval in order to complete their program of study. The degree plan can be extended in increments of three credits to a maximum of 64 credits as approved by the program if determined to be academically appropriate by the student, the student success coach, and the program director.

### 1.10.2 Orientation

Students enrolling in the program for the first time participate in an online orientation session. They have the opportunity to introduce themselves to fellow students and faculty, learn about the history of the university and the program, and are instructed on how to access and use the university library. The orientation also introduces the student to the online learning management system within the Brightspace portal used by the university.

### 1.10.3 Course of Study for All M.A. Degree Programs

**Except for Applied Nutrition & Dietetics (DIET), Pathway 2 Human Lactation Studies (LACT), Applied Nutrition and Dietetics with a Specialization in Human Lactation Studies, & Education with an Embedded Certificate in Online Teaching and Learning**

#### Effective Fall 2020

Students who choose to take <b>9 credits per term</b> , normally take the following courses over four terms:	Students who choose to take <b>6 credits per term</b> , normally take the following courses over six terms:
--	---

<b>First Term</b> (9 cr.) Elements of Scholarship MAP 508 (3 cr.) Disciplinary Foundations I 512 (3 cr.) Disciplinary Foundations II 513 (3 cr.)	<b>First Term</b> (6 cr.) Elements of Scholarship MAP 508 (3 cr.) Research Methods MAP 509 (3 cr.)
<b>Second Term</b> (9 cr.) Research Methods MAP 509 (3 cr.) Field of Study I 521 (3 cr.) Field of Study II 522 (3 cr.)	<b>Second Term</b> (6 cr.) Disciplinary Foundations I 512 (3 cr.) Disciplinary Foundations II 513 (3 cr.)
<b>Third Term</b> (9 cr.) Advanced Research Methods 620 (3 cr.) Applications I 525 (3 cr.) Applications II 526 (3 cr.)	<b>Third Term</b> (6 cr.) Field of Study I 521 (3 cr.) Field of Study II 522 (3 cr.)
<b>Fourth Term</b> (9 cr.) Thesis I 628 (3 cr.) Thesis II 629 (6 cr.)	<b>Fourth Term</b> (6 cr.) Advanced Research Methods 620 (3 cr.) Applications I 525 (3 cr.)
	<b>Fifth Term</b> (6 cr.) Thesis I 628 (3 cr.) Applications II 526 (3 cr.)
	<b>Sixth Term</b> (6 cr.) Thesis II 629 (6 cr.)

#### 1.10.4 Course of Study for Applied Nutrition and Dietetics Effective Spring 2021

Students are required to track all Supervised Experiential Learning (SEL) hours throughout their time in the program using an electronic time management system designated by the university.

Students who choose to take <b>9 credits per term when they begin the program</b> , normally take the following courses over five terms:	Students who choose to take <b>6 or 7 credits per term</b> , normally take the following courses over seven terms:
<b>First Term</b> (10 cr.) DIET 530 Foundations in Dietetics Practice (3 cr.) MAP 508 Elements of Scholarship (3 cr.) MAP 509 Research Methods (3 cr.) HWEL 592 Anatomy & Physiology (1 cr.)	<b>First Term</b> (6 cr.) DIET 530 Foundations of Dietetics Practice (3 cr.) MAP 508 Elements of Scholarship (3 cr.)
<b>Second Term</b> (10 cr.) DIET 531 Food Science (3 cr.) DIET 532 Human Metabolism (3 cr.) DIET 540 Food Systems I (3 cr.) HWEL 594 Medical Terminology (1 cr.)	<b>Second Term</b> (7 cr.) HWEL 592 Anatomy & Physiology (1 cr.) MAP 509 Research Methods (3 cr.) DIET 532 Human Metabolism (3 cr.)

<b>Third Term</b> (9 cr.) DIET 550 Medical Nutrition Therapy I (3 cr.) DIET 541 Food Systems II (3 cr.) DIET 620 Advanced Research Methods (3 cr.)	<b>Third Term</b> (7 cr.) HWEL 594 Medical Terminology (1 cr.) DIET 531 Food Science (3 cr.) DIET 540 Food Systems I (3 cr.)
<b>Fourth Term</b> (9 cr.) DIET 551 Medical Nutrition Therapy II (3 cr.) DIET 560 Community and Public Health Nutrition (3 cr.) DIET 628 Thesis I (3 cr.)	<b>Fourth Term</b> (6 cr.) DIET 541 Food Systems II (3 cr.) DIET 550 Medical Nutrition Therapy I (3 cr.)
<b>Fifth Term</b> (9 cr.) DIET 570 Leadership (3 cr.) DIET 629 Thesis II (6 cr.)	<b>Fifth Term</b> (6 cr.) DIET 551 Medical Nutrition Therapy II (3 cr.) DIET 620 Advanced Research Methods (3 cr.)
	<b>Sixth Term</b> (6 cr.) DIET 628 Thesis I (3 cr.) DIET 560 Community and Public Health Nutrition (3 cr.)
	<b>Seventh Term</b> (9 cr.) DIET 570 Leadership (3 cr.) DIET 629 Thesis II (6 cr.)

#### 1.10.5 Course of Study for Pathway 2 LACT Human Lactation Studies Effective Fall 2020

Students are required to track all Internship hours throughout their time in the program using an electronic time management system designated by the university.

Students who choose to take <b>9 credits per term when they begin the program</b> , normally take the following courses over five terms:	Students who choose to take <b>6 credits per term</b> , normally take the following courses over six terms:
<b>First Term</b> (9 cr.) Elements of Scholarship MAP 508 (3 cr.) Disciplinary Foundations I HWEL 512 (3 cr.) Disciplinary Foundations II LACT 514 (3 cr.)	<b>First Term</b> (6 cr.) Elements of Scholarship MAP 508 (3 cr.) Research Methods MAP 509 (3 cr.)
<b>Second Term</b> (9 cr.) Research Methods MAP 509 (3 cr.) Field of Study LACT 520 (6 cr.)	<b>Second Term</b> (6 cr.) Disciplinary Foundations I HWEL 512 (3 cr.) Disciplinary Foundations II LACT 514 (3 cr.)

	<b>Sixth Term</b> (6 cr.) Thesis II EDUC 629 (6 cr.)
--	---

It is possible to register for a different number of credits in successive terms as determined in consultation with the program office.

### **1.10.7 Course of Study for Applied Nutrition and Dietetics with a Specialization in Human Lactation Studies**

**Effective Fall 2021**

Students enrolled in the Applied Nutrition and Dietetics major who also want to sit for the International Board Certified Lactation Consultant (IBCLC) Pathway 2 exam, may add an additional fifteen credit hours in human lactation studies for a total of 62 credits. Two additional courses (HWEL 591 Biology 1 cr. and HWEL 593 Infant/Child Growth and Development 1 cr.) are required to sit for the IBCLC exam. If the student has not had these courses in a prior degree program (undergraduate or graduate), they will be required to take them, and this will increase their total credit hours to 64. Students are required to track all Supervised Experiential Learning (SEL) and Internship hours throughout their time in the program using an electronic time management system designated by the university.

Students who choose to take <b>at least 9 credits per term when they begin the program</b> , normally take the following courses over seven terms:	Students who choose to <b>take 6 or 7 credits per term</b> , normally take the following courses over ten terms:

### Course Prefixes

Elements of Scholarship and Research Methods are taken by all students, regardless of major area and have the designated prefix **MAP**. The prefixes for all other courses reflect the student's major.

- DIET Applied Nutrition and Dietetics
- CRST Creativity Studies
- EDUC Education
- HWEL Health and Wellness
- HISC History and Culture
- LACT Human Lactation Studies
- LPPS Leadership, Public Policy and Social Issues
- LITW Literature and Writing

### 1.10.8 Courses

Courses with the numbers 620, 628, 629, and 630 are offered in all eight M.A. majors. Courses with the numbers 512, 513, 521, 522, 525, and 526 are offered in all majors except LACT and DIET. All other course numbers are unique to their particular major.

**MAP 508 Elements of Scholarship****3 credits**

This course immerses students in the scholarly process with reference to their major. The three units cover (1) the construction of knowledge and conceptual frameworks; (2) the development of scholarly thinking, including critical and creative modes of thought and techniques of analysis; and (3) the stages of master's-level academic writing. Throughout, the course emphasizes academic integrity and responsible use of knowledge, including competency in using academic style(s) pertaining to field

**MAP 509 Research Methods****3 credits**

This course provides the skills and knowledge necessary to conduct an inquiry-based, master's-level research study. The course will explore philosophical frameworks, literature review, and research design (problem statement, research questions or hypotheses, data collection and analysis tools) as well as other key aspects of academic research (reliability and validity, ethics, and social relevance). The three major research methods, Qualitative, Quantitative, and Mixed, are examined in relation to the student's focus of interest. This course sets the foundation for Advanced Research Methods.

**CRST 512 Disciplinary Foundations I****3 credits**

This course is designed to provide graduate-level breadth of knowledge in creativity studies. What creativity is, where it comes from, and how it manifests have long been topics of intense human interest, and written texts examining these issues can be found in all historical periods going back as far as 2500 BCE. We will explore representative texts from ancient Greece to the present including philosophical treatises, sacred texts, poetry, personal essays, memoirs, literary and artistic criticism, and scientific studies. The historical authors include such individuals as Aristotle, Plato, Montaigne, Thomas Hobbes, Jean Jacques Rousseau, William Wordsworth, Ralph Waldo Emerson, Friedrich Nietzsche, and T.S. Eliot. In addition to the historical sources, students will read James Kaufman's "Creativity 101" which provides an overview of numerous contemporary theories and ideas about creativity.

**CRST 513 Disciplinary Foundations II****3 credits**

The second part of Disciplinary Foundations focuses on the ideas of two creativity theorists – David Bohm and Mihaly Csikszentmihalyi. Basic concepts in creativity studies will be covered including the Four Ps (creative person, creative process, creative product, and the creative place), the role of motivation, dark or malevolent creativity, Big-C and little-c creativity, artistic and non-artistic creativity, everyday creativity, systems theory and flow.

**EDUC 512 Disciplinary Foundations I****3 credits**

This course provides an introductory exploration of the breadth of the academic study of education with attention paid to current theories and debates, principal sources, individual scholars, schools of thought, and recent developments.

**EDUC 513 Disciplinary Foundations II****3 credits**

This course is a continuation of EDUC 512 and examines advanced concepts, ethics, and social justice in the field of education. It also provides the foundation for students to begin their individualized work in subsequent courses. By the end of this course, students will, in collaboration with a faculty mentor, prepare an individualized plan of study for the remainder of their M.A. work.

**EDUC 514 The Theory of Online Teaching and Learning,****3 credits.**

This course introduces a range of theories relevant to teaching online, including general theories about how people learn and how the brain processes information, the community of inquiry model, theories about collaboration and using digital media, and approaches to diversity, equity, and inclusion in the field of education. This course will focus on how these approaches can inform the practice of teaching online. Through their coursework and individual research, students will apply these theories to their teaching and to the fields and grade or degree levels they teach.

**EDUC 515 The Practice of Online Teaching and Learning, 3 credits.**

This course focuses on teaching practices for effective online instruction, with an emphasis on course design. Based on evidence-based pedagogy, this course gives students the knowledge and skills to develop and facilitate an engaging, accessible, and well organized course that builds community through curated content and learning activities. This course is designed to empower teachers to be impactful online instructors and ensure student success today and in the future.

**HISC 512 Disciplinary Foundations I 3 credits**

Disciplinary Foundations I provides grounding in theories, scholars, evolution of thought, and approaches to inquiries within fields related to history and culture. In collaboration with faculty mentor, student develops an individualized plan of study that sets forth the focus of inquiry, possibilities for experiential learning to inform academic study, and preliminary bibliography.

**HISC 513 Disciplinary Foundations II 3 credits**

Disciplinary Foundations II explores advanced concepts in history and culture including ethical and social implications of scholarly practice as well as perspectives on social justice related to development of questions, epistemological difference, and absent or silenced narratives.

**HWEL 512 Disciplinary Foundations I 3 credits**

Starting with topics related to personal health, the student will consider issues relating to physical health, psychological health, social health, intellectual health, spiritual health, and environmental health. Changing behavior to achieve better health will be explored through models of health behavior change. Students working toward a degree in Health and Wellness will have individual interests within the field of health and wellness. This course will give students an opportunity to begin to examine their own topic in detail, using the theories and models that are discussed at a broader level throughout this course.

**HWEL 513 Disciplinary Foundations II 3 credits**

This course will explore advanced concepts in health and wellness, beginning with health care ethics and the universal principles of ethics and application of these principles to practice and health care topics. This course will also explore the social justice issues relating to health and health care delivery, including disparities of care.

**LACT 513 Disciplinary Foundations II (for non-Pathway 2 Human Lactation Studies Students) 3 credits**

This course will explore advanced concepts related to human lactation, beginning with the universal principles of ethics and application of these principles to lactation practice. This course will also explore the social justice issues relating to health care delivery and lactation support, including disparities of care.

**LACT 514 Disciplinary Foundations II: Functioning as a Lactation Consultant 3 credits**

This course provides 30 hours of human lactation instruction and is the first in a series of four lactation-specific courses designed to prepare students for the International Board of Lactation Consultant Examiners (IBLCE) certification examination.

**LPPS 512 Disciplinary Foundations I: Foundations in Public Policy and Social Issues**  
**3 credits**

This course is designed to give students a strong foundation in public policy and social issues. It is structured around Larry Gerston's book *Public Policymaking in a Democratic Society*, which is available as an e-book in the Union library. I have chosen this book because it takes a service and applied learning approach, asking you to choose your own topic and then exploring public policy issues through that lens: policy processes, issue identification, policy formulation, advocacy and to some extent policy implementation and evaluation. As you read, you will be doing these aspects of public policy formation for yourself, so you will have both a theoretical and pragmatic understanding as you move on to the second half of the course.

**LPPS 513 Disciplinary Foundations II: Foundations in Leadership**  
**3 credits**

This course builds on DF I and provides you with a broad overview of leadership studies. We begin with the well-known case study of Dr. Martin Luther King Jr. at Birmingham Jail, which provides a touchstone for the rest of the course. In the second week, we will step back and get an overview of leadership studies as a whole. In subsequent weeks, we will explore the evolution of leadership theories, do a leadership self-assessment, and identify leadership topics of interest for future study. Upon completing the course, you will have a strong sense of the field of leadership studies and which aspects are most compelling and useful to you.

**LITW 512 Disciplinary Foundations I: Introduction to Literature and Your Field**  
**3 credits**

This first part of Disciplinary Foundations introduces students to some broad conversations about literature. The course starts by looking at the context and content of recent conversations about literature: why it matters, the canon, and genre. Students will learn how to do an annotated bibliography entry, a skill they will use on every source they read this semester. In the second week, the student will do a deep exploration of their field, identifying the key works they should read, whether they are influential in the field or central to the student's area of interest. The syllabus that students create this week will be the substance of the rest of their coursework. In the third week, students will step into the waters of literary theory, reading about the major schools and beginning to apply them to the reading. Students will continue this project in depth through the end of Disciplinary Foundations I.

**LITW 513 Disciplinary Foundations II: Joining the Scholarly Conversation**  
**3 credits**

This second part of Disciplinary Foundations is dedicated to making the student aware of the scholarly conversation around their chosen field. Having established the key texts in their field in Disciplinary Foundations I, students will explore more important texts, as well as the way that scholars have understood and interpreted them. They will read literary criticism in the first part of the course, as a prelude to writing it themselves in the second half. At the end, students will submit a cumulative annotated bibliography of all the works they have read in their field to date, as well as Preliminary Plan of Study that maps out the path they will take through the rest of the program.

**Preliminary Program of Study Agreement**

By the end of their second term, each M.A. student is required to complete a Preliminary Program of Study in collaboration with their faculty advisor and the program office. This is an

opportunity for students to make sure they understand the M.A. structure, program and university policies, and begin planning for subsequent courses. The student and advisor will both sign the Preliminary Program of Study Agreement form, and it will be filed with the program office. Any changes must be approved by the student's success coach and the program office.

**LACT 520: Field of Study: The Art and Science of Lactation**

**6 credits**

This course is a continuation of LACT 514 and provides 60 hours of lactation instruction designed to prepare students for the International Board of Lactation Consultant Examiners (IBLCE) certification examination.

*Prerequisites: HWEL 512 and LACT 514.*

**[Major Prefix] 521 Field of Study I**

**3 credits**

The course provides graduate-level depth of scholarship pertaining to the student's chosen field of study within the student's major. Each student works one-on-one with a faculty mentor and the course content is individualized for each student. The student and instructor collaboratively identify a specific field of study for the student and the title of that field of study goes on the student's transcript, e.g., Art, Faith and Divine Inspiration; Public History; Women's Studies; Archaeology; African Diaspora Studies; Postpartum Depression, Alternative Wellness; Graphic Novels as Literature; or Female Victorian Authors. The student and instructor develop an Individualized Learning Component that supplements the course syllabus and identifies concepts, theories, notable authors, and key texts in the chosen field to be examined, as well as assignments to be accomplished by the student. Emphasis is on student initiative, guided reading and learning, and regular and frequent one-on-one communication between student and instructor. *Prerequisites: Disciplinary Foundations I and II.*

**[Major Prefix] 522 Field of Study II**

**3 credits**

A continuation of 521 Field of Study I. *Prerequisite: Disciplinary Foundations I and II*

**[Major Prefix] 525 Applications I**

**3 credits**

This course provides an opportunity for the student to begin applying the knowledge that has been gained in prior courses. Each student works one-on-one with a faculty mentor and the course content is individualized for each student. The student and instructor collaboratively develop an Individualized Learning Component that supplements the course syllabus and identifies activities and expectations specific for that student. Examples of experiential and/or applied learning activities may include: developing a K-12 or undergraduate course (drafting lesson plans or a syllabus, preparing lectures or workshop, etc.); developing a childbirth education curriculum; undertaking a series of structured visits to museums, health facilities, or other institutions; undertaking a creative project (a series of short stories, essays, or art works); conducting specialized research to gather data for the upcoming thesis (conducting archival research or conducting surveys and interviews, etc.); or preparing and delivering conference presentations. At the end of the term, the student offers substantive reflection on how learning activities undertaken during the term inform the student's academic study.

**[Major Prefix] 526 Applications II**

**3 credits**

This course may serve as continuation of 525 Applications I or may involve a different but comparable project.

**[Major Prefix] 527 Applications**

**6 credits**

An examination of the professional, academic, and social significance of the student's study. The course may have an applied component and is designed by the student in conjunction with an instructor.

**LACT 528 Applications I: IBLCE Pathway 2 Internship****3 credits***Prerequisite: LACT 520.***LACT 529 Applications II: IBLCE Pathway 2 Internship****3 credits***Prerequisite for LACT 529: LACT 528.* LACT 528 and 529 provide the opportunity to plan and execute the internship required of students seeking IBLCE Pathway 2 certification.**DIET 530 Foundations in Dietetic Practice****3 credits**

This course is designed to build a solid foundation in dietetic practice. The course will cover the history of the dietetics field, scope of practice of dietitians, health care ethics, theories of adult learning, and basic counseling skills. The foundational knowledge gained in this course will be built upon through future courses in dietetics program.

**DIET 531 Food Science****3 credits**

This course explores the chemical composition of food, physical and chemical changes in food associated with household and industrial preparation techniques, definition of standard products, and appropriate assessment techniques for judging food quality.

**DIET 532 Human Metabolism****3 credits**

This course will focus on human nutrition and metabolism with an emphasis on the functional and regulatory roles of macronutrients and micronutrients. Students will be guided through an exploration of recent scientific literature in the areas of nutrition and biochemistry and the ways one informs the other. Finally, we will consider how several human diseases arise from defects in metabolic pathways, and we will review papers in the scientific literature on several diseases linked to altered metabolism.

**DIET 540 Food Systems I****3 credits**

This course provides a comprehensive approach to foodservice management, to provide graduate students with both didactic content and experiential “hands-on” experience in their selected food service setting. This course will have a specialized focus in quality menu planning, quantity food production, and food delivery based on the specialized needs of target populations within a healthcare facility. The course will also emphasize food quality, sanitation, and safety, and provide an overview of food procurement, equipment selection, and institutional kitchen layout and design. This course will emphasize application within a health care facility, simulated case studies and relevant projects.

**DIET 541 Food Systems II****3 credits**

This course is the second of two courses, which provides a comprehensive approach to food service management, to provide graduate students with both didactic content and experiential “hands-on” experience in their selected food service setting. This course will have a specialized focus in management and leadership principles in food systems management, quality food production and evaluation, human resource and financial management of food service systems, application of principles of food safety and sanitation, and optimization of sustainability in food systems management. The course will also include marketing of food service, maintenance of knowledge in the area of compliance with accreditation, health department and legislative regulations, and management of vulnerabilities in the food supply chain. Students will be expected to apply and demonstrate an understanding of the local food environment and agricultural practices and processes. This course will emphasize application within a health care facility, visits to local food systems organizations and settings, simulated case studies and relevant projects. *Prerequisite: DIET 540 Food Systems I.*

**DIET 550 Medical Nutrition Therapy I****3 credits**

This course introduces nutrition as a disease therapy and the role of the clinical dietitian as a member of the health care team. Topics covered include nutrition screening and assessment, medical records documentation, and basic dietary modifications. *Prerequisites: DIET 532 Human Metabolism and HWEL 594 Medical Terminology.*

**DIET 551 Medical Nutrition Therapy II****3 credits**

A study of the use of diet in preventing illness and as a means of treating disease. Emphasis is on the nutrition care process, diagnosis, implementation, & monitoring. Clinical rotations allow students to apply what is learned. *Prerequisite: DIET 550 Medical Nutrition Therapy I.*

**DIET 560 Community and Public Health Nutrition****3 credits**

This course will cover the study of human nutrition and health problems from a global and community perspective; programs and policies related to nutrition at local, state, and federal levels including preventive nutrition or wellness; and approaches and techniques of effective application and dissemination of nutrition knowledge in the community. *Prerequisites: MAP 508 Elements of Scholarship and MAP 509 Research Methods.*

**DIET 570 Leadership****3 credits**

The course presents leadership theories and organizational management models while providing students the opportunity to apply these theories through experiential learning and to enhance leadership development through self-assessment exercises. Included in the course are identification of leadership competencies and challenges, the skills needed for the successful management of organizations and people, and the role of mentorship in shaping the next generation of leaders.

**HWEL 591 Biology****1 credit**

This course presents an introduction to the human body and health and outlines how a microorganism or body imbalance can quickly cause an illness. The course also presents the concepts of vaccinations and how their use has reduced infectious disease in the U.S. and globally. Moreover, the course will address how education around the world relates to relationships between vaccines and epidemics. General topics include cells, human tissues, organs and organ systems, genetics, microbiology, pathology, immunology, and epidemiology.

**HWEL 592 Anatomy & Physiology****1 credit**

This course covers essential elements of human anatomy and physiology, the relationship and function of anatomy and physiology, homeostasis, and the role that each of the body systems plays in maintaining it, and the functions of cells and tissues in the body.

**HWEL 593 Infant/Child Growth and Development****1 credit**

The growth and development of infants and children are explored in this course beginning with influences on healthy development in the prenatal phase, continuing through birth to adolescence. Normal stages are examined at each phase of the life cycle from conception to adolescence. Health promotion and cultural implications of health care during this span are emphasized.

**HWEL 594 Medical Terminology****1 credit**

Medical Terminology is the language specific to the medical industry. This introductory course focuses on the word construction and meaning that characterizes medical language through a study of root words, prefixes, and suffixes. This course focuses on correct pronunciation,

spelling and use of medical terms. Anatomy, physiology, and pathology of disease are discussed, yet no previous knowledge of these topics is necessary.

**[Major Prefix] 620 Advanced Research Methods**

**3 credits**

This course provides the student with in-depth knowledge of research methods appropriate to the chosen field of study. The student writes a substantial thesis proposal.

*Prerequisite: Elements of Scholarship and Research Methods.*

## **Culminating Courses**

To conclude the course of study for the Master of Arts degree, the student writes a thesis. All students completing the master's degree will present their thesis to the graduation conference committee for its approval.

## **Thesis**

**[Major Prefix] 630 Thesis**

**9 credits**

A substantial research and writing project that includes extended critical exposition. The thesis stands as the culmination of a student's study and provides evidence that university outcomes and competencies have been met.

*Prerequisites: All core courses and Advanced Research Methods.*

**[Major Prefix] 628 Thesis I**

Prerequisite: Advanced Research Methods.

**3 credits**

**[Major Prefix] 629 Thesis II**

**6 credits**

These two courses divide the content of Thesis over two terms. Thesis I and Thesis II may be taken simultaneously or consecutively. If taken consecutively, Thesis I is a prerequisite to Thesis II. Prerequisite: Advanced Research Methods.

**Program Completion Extension (PCX 503/506/509)**

**0 credits**

If additional time is needed to complete the thesis, a student may register for Program Completion Extension (PCX 503, 506 or 509) based on the credit hours assigned to the final thesis course(s). This extension allows for an additional four (4) months to complete the thesis, approved by the thesis advisor and the program office. The extension maintains the student in a registered active status but at zero (0) credit hours. Students registered in PCX are not eligible to receive federal financial aid. The Registrar's Office will report students on this extension as registered less than half-time during the next scheduled report to external agencies; therefore, students on financial aid and students with prior loans in a deferment status will begin to have their loans processed for repayment by their lenders. A non-refundable fee based on the thesis credit hours is charged for enrollment in Program Completion Extension.

**[Major Prefix] 599 Special Topics**

**3 credits**

The subject matter or content of this course may vary from term to term as indicated by each iteration's subtitle and description. This course is used when the other M.A. courses fail to provide the necessary content or course framework. The course may be repeated by students for additional credit provided that the course sections attempted cover substantially different material.

## Graduation

Students must successfully complete all M.A. program requirements with a minimum cumulative grade point average of 3.0 and all university degree requirements to be eligible to be reviewed as a candidate for graduation. When all academic requirements are reconciled, the program director submits graduation documents to the Registrar's Office with the recommendation to award the degree. Academic requirements are audited by the Registrar's Office. The Business Office audits the student's financial records (student account). Graduation is approved when all academic and financial requirements to the university have been met. The degree conferral date is the last day of the month of the student's final term of enrollment. A Graduation Fee will be assessed for students completing undergraduate, master's, and doctoral programs (certificate programs are excluded). The Registrar's Office issues Master of Arts graduates their diploma and transcripts after all academic, degree, and financial requirements are fulfilled. UI&U does not award academic honors at graduation.

## Commencement

Students who have graduated or plan to graduate by the term ending in August of each year are invited to participate in the UI&U National Commencement Ceremony. UI&U holds a national commencement ceremony in Cincinnati, Ohio, or in California (alternating between Los Angeles or Sacramento). Eligible candidates to participate are mailed a Petition to Participate from the commencement team organizers. This form needs to be returned to the program office no later than the designated date on the petition to be able to participate.

### 1.11 Certificates Administered by the M.A. Program

The M.A. program administers the following certificate programs.

- Health Education Certificate
- Online Teaching and Learning Certificate

All relevant M.A. program policies, as contained in this catalog, apply to the certificates administered by the M.A. program. This includes, but is not limited to, the policies regarding registration, grading, incompletes, student financial aid satisfactory progress, and satisfactory academic progress review.

#### Transfer Credit

For policies regarding the transfer of certificate credits to the M.A. program, see the section dealing with internal transfer credits in the M.A. program section of this catalog. For policies regarding the transfer of credits to the certificates, see the individual certificate sections below.

#### 1.11.1 Drop/Add and Withdrawal Policy for M.A. Certificates

##### Drop/Add Policy

**Deadlines for academic course adds, drops, and withdrawals are as follows. Refer to the Schedule of Adjustments below for the financial effect of drops and withdrawals.**

- **The Drop/Add Deadline:** Drops are accepted through 30 days from the term start date for 16-week certificate programs. Drops are accepted through 15 days for certificates that are offered in two eight-week sessions. Adds are accepted 15 days from the 16-week term or eight-week session start date. Courses dropped after 30 days/15 days will

receive a grade of W on the academic record. The effective date of the drop/add is the postmark date of a written request, the date of an email request, or date phone call is received by the faculty advisor or the Registrar's Office.

- **Academic Withdrawal Policy:** Students may withdraw through the last day of the term by notifying the university in writing prior to the last day of the term.

**Drop/adds can impact continuing financial aid eligibility.** Financial aid adjustments are based on federal guidelines. Students should contact the Office of Financial Services (800-861-6400, ext. 2005 or [financialaidcounselors@myunion.edu](mailto:financialaidcounselors@myunion.edu)) immediately if they plan to drop any courses. All drop/add requests must be approved by the faculty advisor, program director, or their designee.

**Adding or dropping courses by the published deadline may alter the student's tuition charges for the semester in the following manner:**

- If the number of credit hours added equals the number dropped, there will be no adjustment of tuition.
- If the number of credit hours added is greater than the number dropped, tuition will be charged for the difference at the applicable tuition rate for the full term/session.
- If the number of credit hours dropped is greater than the number added, tuition will be adjusted for the difference per the Schedule of Adjustments.

The following table shows the percentage of tuition to be adjusted for dropped courses.

Schedule of Adjustments		
	Full Term	Session
Week One	100%	100%
Week Two	100%	50%
Week Three	75%	25%
Week Four	50%	0%
Week Five and Thereafter	0%	0%

## WITHDRAWAL POLICY AND RELATED REFUND OF CREDIT BALANCE

- A program withdrawal is considered to be a complete withdrawal from the university. The date of withdrawal is the earlier of the following:
  - The date the student notifies the university.
  - The ending date of the previous term if the student fails to register for a new term.
  - The date the student specifies as the date of withdrawal if this date is after the date of notification.
- The withdrawal should be submitted by the student using the official UI&U Withdraw Form, located on CampusWeb, after consultation with their designated campus official. The designated campus official is the student's faculty advisor. The designated campus official may also email the student a direct link to the official UI&U Withdraw Form upon request.
- The effective date of withdrawal is noted on the UI&U Withdraw Form, which is the date the student notifies their designated campus official. Verbal withdrawal requests are only accepted from a student to their designated campus official. Once the official UI&U Withdraw Form is submitted, the student's intent to withdraw will be communicated directly to the appropriate university departments for processing. When a student

withdraws from the university prior to the end of a term/session, all incomplete courses for which the student is currently registered at the time of withdrawal will be recorded as W (withdrawn) on the student's transcript. If the withdrawal is effective at the end of the term/session, the grade as supplied by the evaluating faculty for each course will be posted to the student's transcript.

- A student who fails to notify Union Institute & University of withdrawal from the program is financially responsible for all tuition and fees charged for the complete term/session. Tuition is not prorated for coursework with earned academic credit.

#### **ADJUSTMENTS OF TUITION AND FEE CHARGES FOR PROGRAM WITHDRAWALS**

Adjustments of tuition and fee charges for program withdrawal from the university are processed as reported to the Business Office from the Registrar's Office. The amount of refundable tuition and fee charges to the student is based on the percentage of completion of the current term of enrollment.

- If a student withdraws **before completing 60%** of the current term of enrollment, the amount of tuition refunded to the student is calculated as follows:

$$\% \text{ refunded} = \frac{\# \text{ of days in session or term minus } \# \text{ of days completed}}{\# \text{ of days in session or term}}$$

For example, if a student withdraws on day #11 in a 56-day session, the % refunded is 80%.

- If a student withdraws **after completing 60%** of the current term of enrollment, tuition is considered earned and the student will receive no refund.

Credit balances resulting from withdrawals are refunded either upon request by contacting the Business Office at 800-861-6400, ext. 1095 or within 30 days of the withdrawal date whichever is sooner. Credit balances resulting from withdrawals will not be held by the university.

**A student who fails to notify Union Institute & University of withdrawal from the program is financially responsible for all tuition and fees charged for the complete term or session.** Tuition is not prorated for coursework with earned academic credit. The amount of the tuition adjustment, if applicable, will be determined by the effective date of the withdrawal. A refund (if applicable) will be issued after financial aid adjustments are made. Financial aid adjustments are based on federal guidelines.

### **1.12 Health Education Certificate**

SOC Codes: 21-1091 Health Educators; 25-1071 Health Specialties Teachers; 29-9011 Occupational Health and Safety Specialists; 11-9111 Medical and Health Services Managers; 21-1094 Community Health Workers; 31-1011 Nursing, Psychiatric, and Home Health Aides; 21-1023 Mental Health and Substance Abuse Social Workers; 17-2111 Health and Safety Engineers, Except Mining Safety Engineers and Inspectors; 19-2041 Environmental Scientists and Specialists, Including Health.

With the increase in chronic diseases specifically related to modifiable lifestyle factors and the rising cost of health care, the need for individual and community education related to the prevention of diseases and the promotion of health care is paramount. The fully online Certificate in Health Education is a graduate-level health education program designed to provide current health professionals with the knowledge and skills to design, implement, and evaluate health promotion activities, initiatives, and programs related to a variety of health issues at all levels of the socioecological model – intrapersonal, interpersonal, institutional, community, and public policy. This program of study emphasizes the understanding and application of the theories and planning models that address individual and community health. This certificate program fulfills the academic requirements for eligibility to take the examination for the Certified Health Education Specialist (CHES) credential and prepares students for the CHES exam.

- Minimum time frame for completion to qualify for financial aid is two semesters (32 weeks).
- Minimum number of credit hours: 15; maximum number of credit hours: 25.
- Maximum time to earn the certificate: two years.
- Full-time status: six credit hours; half-time status: three credit hours.
- No external transfer credit is accepted in the Health Education Certificate.

### **Seven Responsibilities of Health Educators**

The courses in this certificate program are aligned with National Commission for Health Education Credential's Seven Areas of Responsibility for Health Educators. The seven areas of responsibility are a comprehensive set of competencies and sub-competencies defining the role of the health education specialist. These responsibilities were verified through the 2010 Health Educator Job Analysis Project and serve as the basis of the CHES exam. The seven areas are as follows:

1. Assess Needs, Assets, and Capacity for Health Education.
2. Plan Health Education.
3. Implement Health Education.
4. Conduct Evaluation and Research Related to Health Education.
5. Administer and Manage Health Education.
6. Serve as a Health Education Resource Person.
7. Communicate and Advocate for Health and Health Education.

Source: [nche.org](http://nche.org).

Minimum number of credits required to earn the certificate is 15 semester hours; however, students may elect to earn up to 25 credits in order to meet minimum qualifications to become eligible to pursue the CHES certification. Students must complete four required courses and at least one three-credit elective to earn the certificate. Each course is eight weeks long, and with continuous enrollment, the program can be completed within one academic year.

### **Minimum / Maximum Program Length**

The maximum amount of time allotted for a student to earn the Health Education Certificate is two (2) years whether completing the program on a full-time basis, on a combination of full-time and less than full-time, or entirely on a less than full-time basis. Students who do not complete the certificate requirements within the two-year time frame will not be eligible to be granted the certificate. Maximum time allotted for completion does not include terms when the student is not registered or withdrawn from the program.

### **Health Education Certificate - Required Courses**

**HEC 501 Foundations of Health Education**

**3 credits**

This course introduces the student to concepts and models fundamental to Health Education and Health Promotion including: Healthy People 20/20, the Certified Health Education Specialist (CHES) process, historical/theoretical/philosophical foundations, roles, responsibilities, worksite settings, policy and programming challenges. Students will examine the determinants of health, wellness, and illness across the lifespan as well as environmental, sociocultural factors, health misinformation and quackery, e-patient and informatics, consumer protection, and economic factors that influence health care practices.

**HEC 502 Health Behavior: Theory and Applied Methodology 3 credits**

This course studies the determinants influencing health behavior, health behavior theories, and applied methodology. Future directions of the profession, exploration of policy and programming challenges, and opportunities in strategic public health issues will be examined.

**HEC 503 Health Promotion Program Planning and Development 3 credits**

This course provides requisite skills to conduct a community needs assessment, plan effective health promotion programs, advocacy, and how to set SMART goals for evaluation for programs in various community and worksite settings.

**HEC 504 Implementation, Promotion, and Evaluation of Health Programs 3 credits**

This course provides requisite skills to design (including methods and materials), promote, present (including communication skills), and implement health promotion programs consistent with specified program goals and objectives. This course includes information on instrument development, data collection, basic data analysis, program monitoring, impact of assessment, measurement of efficiency, and report writing.

**Elective Options**

**HEC 505 Health Education Resource Development, Grant Writing, and Fundraising 3 credits**

This course will teach techniques and skills for identifying sources of funding, and developing effective proposals for external resources will be explored. This course will also provide instruction and hands-on experience in the preparation of a grant or fundraising proposal.

**HEC 506 Multicultural Competence in Health Education and Promotion 3 credits**

This course will examine the behaviors, attitudes, and policies necessary for health education professionals to work effectively in cross-cultural settings. This course will also cover determinants of health behaviors and health disparities, acceptance, tolerance, and respect for diverse cultures and beliefs.

**HEC 507 Nutrition in Health Promotion and Disease Prevention 3 credits**

This course provides an introduction of nutrition principles that are central to promoting health and preventing chronic diseases. Included is material on community nutrition programs and fundamentals of nutrition care delivery. The course will also provide a forum for discussion of nutrition topics pertinent to today's society.

**HEC 508 Applied Epidemiology in Health Education 3 credits**

This course provides an overview of principles and methods of contemporary epidemiological practice. Epidemiological investigation and research are discussed with an emphasis on application of epidemiological methods in health education, health promotion, and disease prevention practice.

**HEC 509 Readings in Health Education/Health Promotion****1 credit**

Students will read and provide written critiques of contemporary research and scholarly health education/health promotion articles.

### **1.13 Online Teaching and Learning Certificate**

SOC Codes: 25-1199 Postsecondary Teachers, All Others; and 25-3099 Teachers and Instructors, All Others.

CIP Code: 13.1211 Online Educator/Online Teaching.

The COVID-19 pandemic underscored the need for high quality online teaching and learning at all levels of education from pre-K through the doctoral level, as well as non-credit courses and workshops. Even after the pandemic draws to a close, the number of students interested in pursuing online education may well continue at higher than pre-pandemic levels. The need for well-trained online instructors and administrators of online educational programs will continue into the future.

This 12-credit certificate provides the opportunity for graduate students to acquire, create, and apply knowledge in online teaching and learning. The certificate consists of four three-credit courses, two of which provide broad foundational knowledge in the theory and practice of online teaching and learning and two of which are individualized tutorials allowing the student to focus on the subject matter, grade level, or other aspect of online teaching and learning that reflects their own interests. The certificate may be studied as a stand-alone certificate by non-degree students, or it may be embedded within the 36-credit M.A. with a major in Education.

#### **Courses**

**EDUC 514 The Theory of Online Teaching and Learning,****3 credits.**

This course introduces a range of theories relevant to teaching online, including general theories about how people learn and how the brain processes information, the community of inquiry model, theories about collaboration and using digital media, and approaches to diversity, equity, and inclusion in the field of education. This course will focus on how these approaches can inform the practice of teaching online. Through their coursework and individual research, students will apply these theories to their teaching and to the fields and grade or degree levels they teach.

**EDUC 515 The Practice of Online Teaching and Learning,****3 credits.**

This course focuses on teaching practices for effective online instruction, with an emphasis on course design. Based on evidence-based pedagogy, this course gives students the knowledge and skills to develop and facilitate an engaging, accessible, and well organized course that builds community through curated content and learning activities. This course is designed to empower teachers to be impactful online instructors and ensure student success today and in the future.

**EDUC 521 Field of Study I****3 credits**

See course description above in M.A. degree section.

**EDUC 525 Applications I****3 credits**

See course description above in M.A. degree section.

**Program Sequence for Stand-Alone Certificate**

First Term:

EDUC 514 Theory of Online Teaching and Learning (3 credits)

EDUC 515 Practice of Online Teaching and Learning (3 credits)

Second Term:

EDUC 521 Field of Study I (3 credits)

EDUC 525 Applications I (3 credits)

## **PART II – MA FACULTY, ADVISING, REGISTRATION, THESIS, AND GRADUATION INFORMATION**

### **2.1 MA FACULTY BIOGRAPHIES**

**Lisa Akers, PhD, RDN, FAND, IBCLC**, teaches in the Master of Arts program as well as directs the Maternal Child Health: Human Lactation in the Bachelor of Science program. Dr. Akers has been working in the field of public health and human lactation for over 20 years where she spent nearly 15 of those years with the Virginia WIC Program prior to obtaining her doctorate. Lisa is currently the Program Chair for the Bachelor of Science in Maternal Child Health: Human Lactation, the Master of Arts in Human Lactation Studies, the Master of Arts in Applied Nutrition and Dietetics Programs, and the Health Education Certificate at Union Institute and University. The focus of her current research is on organizational leadership as one of the many factors that influence quality perinatal care and breastfeeding outcomes.

Lisa is a Registered Dietitian Nutritionist (RDN), a Fellow of the Academy of Nutrition and Dietetics (FAND), and an International Board Certified Lactation Consultant (IBCLC). Lisa has served on numerous national and international boards and committees including the Women's Health Dietetic Practice Group (WH DPG) of the Academy of Nutrition and Dietetics, the United States Breastfeeding Committee (USBC), and the International Lactation Consultant Association (ILCA). Aside from her background in human lactation and nutrition, Lisa's expertise in nonprofit leadership has afforded her the opportunity to work as a consultant with numerous organizations in areas such as change management, fundraising, governance, grant writing, program evaluation, and strategic planning.

Dr. Akers can be contacted at [lisa.akers@myunion.edu](mailto:lisa.akers@myunion.edu)

**Naheed Ali-Sayeed, PhD, RD, CDN, FAND** is an Assistant Professor of Dietetics at D'Youville College in Buffalo, NY. Naheed has been a Registered Dietitian for almost 30 years practicing in acute care, food service, and long-term care. She has specialized in nutrition support and clinical nutrition management and is a Fellow of the Academy of Nutrition and Dietetics. Naheed has been the recipient of the Isabelle Hallahan excellence in Food Service Management award by the New York State Dietetic Association, as well voted Faculty of the year for the department of nutrition and dietetics at D'Youville for the academic years 2018-2019 and 2020-2021.

In her current position for D'Youville College, Naheed is responsible for placing students for supervised practice experiences and teaches undergraduate and graduate courses for both the nutrition and dietetics, and chiropractic departments. Courses taught include: Orientation to Dietetics, Nutritional Biochemistry, Diet therapy (for chiropractic students), Nutrition in the Lifecycle, Research seminar, and Introduction to Nutrition Care.

Dr. Ali-Sayeed can be contacted at [naheed.ali-sayeed@myunion.edu](mailto:naheed.ali-sayeed@myunion.edu)

**Sarah Bergh, PhD, RPA**, teaches in the Master of Arts program as well as for the undergraduate general education department at Union. She also serves as Assistant Director of the MA Program. She attended Skidmore College for her Bachelor of Arts, Hunter College, City College of New York, for her Master of Arts, and University of Georgia for her Ph.D., all in Anthropology. She is a Registered Professional Archaeologist. Her primary teaching assignment in the M.A. program is MAP 509 Research Methods, which utilizes her background in the social sciences, using qualitative and quantitative methods to address a range of archaeological and anthropological questions. She sometimes also teaches in the History & Culture major.

Dr. Bergh's field of focus for her doctorate was zooarchaeology, the study of animal remains from archaeological sites. Animal remains yield information about past human subsistence patterns and diet, environmental conditions, and human-environment interactions. Her dissertation examined the effects of socio-political changes in southeastern US coastal societies on settlement, subsistence, and land-use patterns during the late prehispanic period. Sarah's other fields of interest include the archaeology of the Americas, Britain, and Rome, cultural resource management, environmental anthropology, economic anthropology, historical ecology, conservation ecology, and climate change. Her professional experience is primarily in museums, working with fine arts, decorative arts, archaeological, and natural history collections.

Dr. Bergh can be contacted at [sarah.bergh@myunion.edu](mailto:sarah.bergh@myunion.edu)

**Cynthia Blocksom, MEd, RDN, LD, MCHES, FAND** serves as an affiliate faculty member in the Health Education Certificate program. She has also taught at the University of Cincinnati and Northern Kentucky University.

She holds two Master of Education (M.Ed.) degrees from the University of Cincinnati, one in Community Health Education and the other in Nutrition Education and a BS in Human Ecology from Ohio State University. She is a Master Certified Health Education Specialist, a Licensed Dietitian, and a Registered Dietitian Nutritionist.

Prof. Blocksom can be contacted at [cynthia.blocksom@myunion.edu](mailto:cynthia.blocksom@myunion.edu)

**Andrea Chauvin, PhD** has a wide experience both in academia and in industry. She earned her doctorate degree from Washington State University in 2009 with a major emphasis on Sensory Evaluation of Food Texture. She also received both her B.S. and Master's degree from Washington State University. Her Food Microbiology master's degree focused on Ultra High-Pressure technology and the activation of *Listeria innocua* and *Saccharomyces cerevisiae* on fruit. Andrea has authored more than 8 peer-reviewed journal articles and 2 book chapters. She has published in a wide range of leading journals such as *Journal of Food Science*, *Journal of Food Quality*, *Journal of Texture Studies*, and *Journal of Sensory Studies*. Andrea's industry experience includes experience with large multinational firms to experience with small

businesses in a number of roles from product development to food safety. Currently, she is the founder and president of Aterra Foods LLC where she built an entire line of a healthy food brand.

Dr. Chauvin can be reached at [andrea.chauvin@myunion.edu](mailto:andrea.chauvin@myunion.edu)

**Janine Dray-Daris, DCN, RDN** (Alias Dr. Dray) holds a bachelor's degree from the University of Florida in food science and human nutrition. Many years later, she returned to school at the University of North Florida (UNF) and received a master's in health science with an emphasis on nutrition. She continued at UNF and received her doctorate in clinical nutrition. Her research concentration was on the effects that food insecurity has on diabetes in underserved communities. She had taught at UNF for 10 years and was a program coordinator for the student dietetic internship program. Currently, she works as a renal dietitian for two dialysis centers: Caribbean Kidney Center in Christiansted, VI and the other in St. Thomas, and she teaches online.

Dr. Dray-Daris can be contacted at [janine.dray-daris@myunion.edu](mailto:janine.dray-daris@myunion.edu)

**Elden Golden, PhD, JD**, joined the faculty of Union Institute & University in 2007 and was appointed Director of the Master of Arts Program in 2016. In addition to his administrative duties, he regularly teaches in the Creativity Studies major of the MA program and the Humanities and Culture major of the PhD in Interdisciplinary Studies program. He also serves as Assistant Director of the EdD Program.

He holds degrees in music theory (BA, MM – Colorado State University), law (JD – University of Kentucky) and humanities (MA, PhD – University of Louisville). After practicing law for nearly twenty years he returned to school as an adult student to work on his humanities degrees. His creative dissertation for the PhD included a twenty-minute ballet on the subject of the Burghers of Calais for which he wrote the scenario and composed the music. He has published in the fields of music composition, humanities, and law. His research interests include the history of creativity, particularly the eighteenth century, and the relationship between opera and culture. In furtherance of these interests he has presented papers at conferences devoted to literature, theater, popular culture, creativity, eighteenth-century studies, philology, and the humanities.

Dr. Golden can be contacted at [elden.golden@myunion.edu](mailto:elden.golden@myunion.edu)

**Erica Hunter, PhD, MPH, CHES®**, is a faculty member in the Master of Arts Graduate Certificate in Health Education Program. She holds a Bachelor's Degree in Health Sciences, a Master's Degree in Public Health with a specialization in Health Promotion, and a PhD in Public Health where she focused her quantitative research on vaccination uptake amongst adolescents. She has also obtained her Certified Health Education Specialist (CHES®) Certification. Erica has worked in the field of public health for several years with the Virginia Department of Health in the immunization division. She specializes in immunization subject matter, immunization education, the coordination of statewide immunization surveys, data collection and data analysis, where she evaluates immunization coverage rates for the state of Virginia. She is an avid supporter of immunizations and the prevention of vaccine-preventable diseases. Erica is

also a faculty member with the Virginia Commonwealth University where she teaches courses in the Department of Kinesiology and Health Sciences. She is extremely passionate about public health and health education and dedicated to contributing to improving the health and well-being of individuals and communities.

Dr. Hunter can be contacted at [erica.hunter@myunion.edu](mailto:erica.hunter@myunion.edu)

**Allison Leggett, Ed.D.**, serves as faculty in UI&U's Master of Arts program's Education major. She began teaching at Union in 2017 in the BS-Child and Adolescent Development program and joined the MA faculty in 2019 to help establish the new major in education. She is active in education issues in California and has taught at a number of other universities including Pepperdine, University of Phoenix, Brandman University, and UCLA Extension.

She holds the Ed.D. degree in Educational Leadership – Science Education from the University of Phoenix, the MS in Administrative Services and MAEd (Master of Arts in Education), both from Pepperdine, and a BS in Chemistry and Math from the UCLA.

Dr. Leggett can be contacted at [allison.leggett@myunion.edu](mailto:allison.leggett@myunion.edu)

**Muswamba Mwamba, DrPH, MPH, IBCLC**, is a father of five breastfed children. An International Board-Certified Lactation Consultant, a public health practitioner, and a scholar, his research interests focus on immigrant health within the minority group in the context of the US health disparity. Muswamba helps mothers and babies obtain the best health outcomes by teaching and inspiring their partner/ father to fight to remove barriers that prevent successful breastfeeding. As a professor, Muswamba brings a global perspective on clinical and non-clinical information to enlighten graduate students of significant developments and trends in the field of infant feeding.

Muswamba is a lifelong learner. He trained in Belgium, where he earned a bachelor's degree in agricultural engineering, a master's degree in biochemistry of human nutrition, and a second master's degree in food science and technology. Witnessing striking disparity in his maternal and child health practice, he deepened his understanding of public health's complexity and scope in the US and elsewhere. He subsequently earned a master's degree in Public Health at the University of North Texas and a doctoral degree in Public Health Executive Leadership from the University of North Carolina at Chapel Hill.

Dr. Mwamba can be contacted at [muswamba.mwamba@myunion.edu](mailto:muswamba.mwamba@myunion.edu)

**Loree Miltich, PhD**, serves as faculty in UI&U's Master of Arts program's History & Culture major and in the Ph.D. in Interdisciplinary Studies' Humanities & Culture major. She has been a Union faculty member for the past 19 years; originally serving undergraduate students in Union's Center for Distance Learning. Prior to her time at Union, she was an administrator with a consortium of community colleges in northern Minnesota and directed community non-profits.

Her research focuses on an interdisciplinary study of the construction of race and how immigrants to the iron mines of northern Minnesota around the turn of the last century became white Americans while their Anishinaabe neighbors experienced the effects of the Dawes Act and Boarding School Era. She continues this focus in her community engagement work with the Circle of Healing, a group of Anishinaabe and people of European descent seeking to address the effects of historical trauma resulting from the Boarding School Era.

Dr. Miltich writes ekphrastic poetry in collaboration with visual artists, and her writing has been exhibited in galleries and published in small presses.

She earned a Ph.D. in Interdisciplinary Studies from UI&U, a M.A. in Humanities from California State University, Dominguez Hills, and a B.A. in history from the University of Minnesota.

Dr. Miltich can be contacted at [loreemiltich@myunion.edu](mailto:loreemiltich@myunion.edu)

**Lisette Rodriguez, PhD**, serves as affiliate faculty in the Health & Wellness major teaching courses in human lactation. She is the founder of The Factory of Life, LLC which advocates for preventative medicine by fostering and encouraging the spread of information, support, and training by educating those individuals who will support families worldwide.

She holds a PhD of Public Health from Walden University and a Bachelor of Health Science and Business Administration from the University of Miami, Florida. She is a Certified Childbirth Educator and an International Board Certified Lactation Consultant.

Dr. Rodriguez can be contacted at [lisette.rodriguez@myunion.edu](mailto:lisette.rodriguez@myunion.edu)

**Alicia Simpson, MS, RD, IBCLC, LC** serves as clinical coordinator for the Human Lactation Studies major and the Applied Nutrition and Dietetics major. She is a Registered Dietitian, International Board Certified Lactation Consultant and Feeding Therapist. After graduating with her bachelor's in marketing from Hampton University she started her career in marketing and sales focused in the healthcare industry. However, Alicia's passion for public health and nutrition throughout the lifecycle led her to pursue her Master's in Health Sciences with a concentration in Nutrition from Georgia State University while simultaneously earning a second bachelor's degree, this time in Anthropology, also from Georgia State University. Alicia is also a graduate of the Satcher Health Leadership Institute at Morehouse School of Medicine.

Alicia is the only practicing registered dietitian who is also certified in feeding therapy for children with sensory processing disorders in the state of Georgia, providing a unique perspective in changing the long-term social and feeding behaviors of children who are resistant eaters due to sensory processing disorder and its related conditions.

Alicia is an award winning published author who has authored 4 bestselling books including *Quick and Easy Vegan Comfort Food* (2009), *Quick and Easy Vegan Celebrations* (2010), *Quick and Easy Low-Cal Vegan Comfort Food* (2012), *Boost Your Breastmilk: An All in One Guide for Nursing Mothers to Build a Healthy Milk Supply* (2017) and chapters on Maternal Nutrition and Pediatric Nutrition for the Breastfeeding Child in the international *Core Curriculum For Lactation Consultant Practice* (2018) and *Breastfeeding and Human Lactation, 6<sup>th</sup> Edition* (2019). She is also a contributing author for several magazines and publications including *Parenting* and *Pregnancy and Newborn Magazine*.

Alicia is presently the chair of the membership committee for the United State Lactation Consultant Association (USLCA) where she also serves as the USLCA liaison to the National Association of Professional and Peer Lactation Supporters of Color (NAPPLSC) helping to ensure that the USLCA remains firmly committed to equity among lactation professionals including lactation professionals of color.

Professor Simpson can be reached at [alicia.simpson@myunion.edu](mailto:alicia.simpson@myunion.edu)

**Woden Teachout, PhD**, serves as faculty in the Master of Arts program at Union Institute & University, where she teaches in the Leadership & Public Policy and History & Culture concentrations. She has taught at Middlebury, Goddard, and Harvard. She has won multiple teaching prizes, including the Alan Heimert Teaching Prize at Harvard and Union's Faculty Award for Teaching Excellence.

She was a Fulbright Scholar to Issyk Kul State University in Kyrgyzstan during the 2014-15 academic year and to Lucian Blaga University in Romania in 2019. Her research centers around why history matters, especially the intersection of historical memory, politics, and patriotism. She is the author of *Capture the Flag: A Political History of American Patriotism* (Basic Books, 2009) and co-author of *Slow Democracy: Rediscovering Community, Bringing Decision Making Back Home* (Chelsea Green, 2012).

Dr. Teachout earned a PhD in American Studies, an MA in History, and a BA in Social Studies, all from Harvard University.

Dr. Teachout can be contacted at [woden.teachout@myunion.edu](mailto:woden.teachout@myunion.edu)

**Michael C. Williams, DBA, RDN** is a Registered Dietitian with over 20 years of foodservice experience. Throughout his career, Michael held various leadership roles in foodservice, including being an Executive Chef, Clinical Nutrition Supervisor, Marketing Associate, Director of Food & Nutrition, and Regional Director of Operations. Michael also taught Organization Management of Food Service Systems and Organizational Behavior in Food Business Systems at the university level. Michael is a certified ServSafe Instructor and Proctor and a former Board Member of AHF-NY (Association of Healthcare Food Service of NY). Michael is also an item writer for the national Registered Dietitian exam in the foodservice and management domains through the Commission on Dietetic Registration (CDR).

Dr. Williams received his Associate's Degree in Culinary Arts from Johnson & Wales University, a Bachelor's Degree in Nutrition from Johnson and Wales University, a Master's Degree in Business Administration from the University of Phoenix, and a Doctorate of Business Administration with a Specialization in Leadership from Walden University. Michael lives in Westchester County, NY, with his wife and two children.

Dr. Williams can be reached at [michael.williams@myunion.edu](mailto:michael.williams@myunion.edu)

## **2.2 FACULTY ADVISOR**

Upon matriculation, students are assigned a faculty advisor based on their major. Responsibilities of the faculty advisor include but are not limited to:

1. Assisting students to register for appropriate courses;
2. Acting as a resource regarding policies, procedures, services and educational opportunities of the university;
3. Assisting students in choosing educational objectives commensurate with their abilities and interests;
4. Serving on the students' graduation committees; and
5. Referring the student to the Program Director, Dean, or other university officer, when appropriate.

At a minimum, advisor/student contact should occur prior to the beginning of each term and at mid-term. *It is the responsibility of the student to initiate contact.*

Advisors for each of the majors and certificates are as follows:

Applied Nutrition and Dietetics (DIET) – Dr. Lisa Akers  
Creativity Studies (CRST) – Dr. Elden Golden  
Education (EDUC) – Dr. Sarah Bergh  
Health and Wellness (HWEL) – Dr. Lisa Akers  
History and Culture (HISC) – Dr. Loree Miltich  
Human Lactation Studies (LACT) – Dr. Lisa Akers  
Leadership, Public Policy, and Social Issues (LPPS) – Dr. Woden Teachout  
Literature and Writing (LITW) – Dr. Woden Teachout  
Health Education Certificate (HEC) – Dr. Lisa Akers  
Cannabis Studies Certificate (CANS) – Dr. Elden Golden  
Online Teaching and Learning Certificate (OTLC) – Dr. Sarah Bergh  
Certificate in Leadership in Public Service (CLPS) – Dr. Elden Golden

## **2.3 PRELIMINARY PROGRAM OF STUDY**

The Preliminary Program of Study provides an opportunity for the student and faculty advisor to collaboratively plan the student's course of study through to the end of the program. It should be completed by the end of Disciplinary Foundations II and submitted to the MA Office ([MAProgram@myunion.edu](mailto:MAProgram@myunion.edu)). If revisions are needed, an updated plan should be submitted to the

MA Office. (See Appendix A) As the order and content of the DIET courses are prescribed, students in the DIET major do not need to prepare a Preliminary Program of Study.

## 2.4 INSTRUCTIONS FOR WEB REGISTRATION

Registration takes place online and students are encouraged to register for all three terms of the academic year at one time. Prior to selecting your course registration, you need to:

- Consult with your advisor to decide the appropriate courses and credit hours for the upcoming term, according to your program of study. If there is a question about whether you will pass your current courses, your advisor will suggest you wait to register until it is clear which courses you will take in upcoming term.
- If you have any financial holds on your student account, you will need to make arrangements with the Business Office to have the hold removed. Hold codes (excluding the Perkins Loan Exit Interview hold) will prevent you from adding or dropping classes. Email: [businessoffice@myunion.edu](mailto:businessoffice@myunion.edu) (please include your name and student ID# in the subject line) Phone: 800-861-6400 x1095
- Google Chrome is the preferred browser for web registration success.

### REGISTRATION INSTRUCTIONS

1. Log in to Campus Web.
2. Click on the STUDENTS tab.
3. Click on Register for Courses box, or Web Course Registration in the left column menu.
4. Scroll down to the STUDENT REGISTRATION - ADD/DROP box.
5. From the Term dropdown box, select the Year/Term for selecting courses.
6. Click on the Complete Registration Agreement Form, read this important information about your financial obligations for registered classes/credit hours. Click “Yes” to accept, then click “Submit”.
7. If a HOLD exists on your student account, please see special notes at the end of these instructions.
8. Click on the Register link.

An overview of the screen you are seeing:

9. Ignore the calendar on the right side of the screen. Only on-ground classes with specified meeting days and times will appear on the calendar. Fully online classes will appear at the top of the calendar when classes are selected.
10. The “My Schedule” link will only show courses after your selected classes are officially registered.
11. Students can review their Degree Audit PDF to see courses completed and unmet requirements to finish your degree.
12. Place a Check Mark by “Show Only Needed Courses”. You have to check this box every time you go back a screen.
13. You will see three options listed each with a green plus sign. Clicking on the plus sign will expand that option: Degree Audit Summary. This will allow you to select a specific area where you need courses and chose a course from that area.

**Course Search:** Use this if you are searching for a specific course. It allows you to search by Course Code or Title, Instructor, Department and Location. Selecting the Department and entering the course prefix (ie: EDU) is the easiest option to take. OR the course code must be formatted as follows: Course Prefix-Course Number-Section Code-Location Code. You must include the dashes between each course component. For example: EDU-825-01)

**Program Information:** This will expand to show your Advisors names. You can click on your Advisors name to send them an email. There is also a “Program Information” link that you can click on to show information on your current program.

You will use the Degree Audit Summary option to select and register for courses. Again, check the “Show Only Needed Courses” box.

14. Click the plus sign by the Degree Audit Summary. This will expand your Degree Audit and show you what requirements are still needed to complete your degree.
15. Click on the green arrow to the right of Major Courses. For major courses, above the course blocks, you will see hours needed for your degree/hours earned. The number earned refers to sets within your degree audit, pay no attention to this number.
16. This will expand to show available courses you can select. Each course block will show either “Find a Section”, “No Sections Available”, or “Completed” if you did check the “Show Only Needed Courses”.
17. You may click on the Question Mark or the green arrow to the right of the course to add. Then, the course with a plus sign will appear. Click on the plus sign to add.
18. The note in the added course block will have a “Thumbs Up” sign and read “Section added successfully”.
19. Your course selection will appear at the top of the blank calendar in a blue box.
20. If you click the blue plus sign, and then decide you do not want to add that course, click on the “...” ellipsis to the right of the course title and select “Remove From My Schedule”. There is a bug we are trying to fix, where the message may read “Missing (Drop on Calendar). If you see the Missing message, go ahead and click on that link to drop the class.
21. Then click the BACK arrow, check the “Show Only Needed Courses” box, and make another course selection.
22. Once you have added all of the courses you wish to select, click on the “Registration Checkout” in the top right corner of the screen. If you have a HOLD on your account, you will not be able to process the Registration Checkout process until the HOLD is removed from your account.
23. A “Registration Checkout” pop up box will appear. Click on the box to the left of the course(s) you want to have as your registration schedule.
24. Finalize the registration by clicking on the Request Advisor Approval green button “Request Advisor Approval”. The Pending Advisor Approval pop up box will appear. Click on the Close button. Your courses will be in RESERVED status until advisor approval.
25. Log out for your Advisor to review and approve.

26. Your primary advisor will receive an email to review your schedule. Your advisor will approve or contact you for needed adjustments you will need to make in CampusWeb registration.
27. Once your advisor approves your course selections, you are officially registered and your course status will be CURRENT. The hourglass next to your selected course will change to a check mark when approved.

To drop a course after you have registered & your courses have been approved:

- Log in to Campus Web.
- Click on the STUDENTS tab.
- Click on the REGISTER FOR COURSES link.
- Go to the STUDENT REGISTRATION- ADD/DROP box.
- Click on Register.
- The correct Year/Term should be selected.
- The top of the calendar on the left shows you the courses you are registered for. Click on Degree Audit Summary, then click on Major link.
- The course selected will have a Check mark to the left of the course, click on the “...” ellipsis to drop the class from your schedule.
- You are able to drop classes in CampusWeb until the drop/add deadline date for your program. After that date, you will need to work with your advisor to process a CampusWeb drop form.

See Part I of this Handbook or the University Catalog, for Add/Drop and Withdrawal Policies and Refund Schedules.

#### SPECIAL NOTES FOR EXCEPTIONS

- If you have a hold on your account, “HOLD” will appear and the note “Registration is now closed”. You can click on PLAN and proceed to review and select courses, but there cannot be an official registration until the hold is removed from your account by the Business Office. After the Hold is removed, you will need to return to web registration and process the registration checkout.
- If you are in a second master’s, Ph.D. or Ed.D. degree with a division of M2, M3, or G2, you will receive warning messages throughout the registration process that you are registering out of division. This is nothing to worry about, just override the warning messages and proceed.
- If you select a course and receive a REPEATED COURSE message, and you do not want to add the course, click on the X in the top right corner of the warning box.

The Registrar’s Office very much wants to know your comments and concerns, or problems you encountered with the web course registration process. Please email the Registrar, Lew Rita Moore at [lewrita.moore@myunion.edu](mailto:lewrita.moore@myunion.edu) with your comments. We will improve and perfect the web course registration process through your participation.

## 2.5 THESIS PROPOSAL

As part of the course \*\*\*620 *Advanced Research Methods/Thesis Proposal*, generally taken in the term prior to beginning the thesis, the student develops in consultation with faculty, a thesis proposal. This proposal serves as a blueprint for the thesis and allows the student and faculty advisor(s) to come to an agreement on the approach and plan for the contents of the thesis. The proposal should clearly demonstrate that the thesis will meet the Criteria for Graduation. Give your study an appropriate working title (not too long) and make sure that your name appears on the first page, along with your area of concentration and focus of study. A template for the Thesis Proposal follows here below. (See Appendix B)

Prior to completing the Thesis Proposal, the student typically will prepare and submit the proper form to the Institutional Review Board seeking approval for a research project that involves human research OR a notification [“Theoretical/Creative Research Project IRB Application”] that their thesis will not involve any human research subjects. Under the IRB regulations, the study of “human subjects” is broadly interpreted and includes such things as conducting interviews, surveys, or case studies of individuals. Union’s *IRB Handbook* and additional information about the IRB requirements can be found at CampusWeb> Offices> Institutional Review Board. The IRB forms and information on the submission process can be found at CampusWeb>eForms>Institutional Review Board.

## 2.6 THESIS GUIDELINES

**Please read instructions carefully. Any document containing errors will be returned to the student for editing, resulting in a possible delay of its approval.**

Each student is required to present to his/ her committee a coherent, analytical and substantial thesis that includes extended critical exposition. The thesis stands as the culmination of a student’s study and provides evidence that university outcomes and program competencies have been met.

The body of the thesis (introductory section through the concluding chapter) should be 16,000 to 25,000 words in length (approximately 50-80 pages), excluding footnotes and end notes. At the discretion of the thesis advisor, the minimum or maximum page number requirements may be modified.

The thesis may take the following forms:

### 1. Traditional Thesis

A Traditional Thesis is a substantial research and writing project that includes extended critical exposition. A Traditional Thesis may be conceptual, philosophical, critical, or theoretical and it will demonstrate the student’s knowledge of the body of scholarship pertaining to her/his

question. The thesis may use the standard five-chapter model or a more flexible model such as an introduction, three chapters, and conclusion.

## **2. Manuscript Thesis**

A Manuscript Thesis is a Traditional Thesis that is constructed around a manuscript suitable for publication in a peer reviewed journal. When the five-chapter model is used, the manuscript serves as Chapter 4 of the thesis. The manuscript will follow the author guidelines for the prospective journal and as with a Traditional Thesis it will demonstrate the student's knowledge of the body of scholarship pertaining to her/his question.

## **3. Creative Thesis**

A Creative Thesis consists of both an original creative work and an accompanying contextual essay. The *creative component* of a Creative Thesis may be writing (such as poetry, nonfiction and drama), visual arts (such as painting, photography and video), music (such as opera), performance, etc. The *contextual essay component* of the Creative Thesis places the student's creative project in conversation with larger conventions, movements, or theories and situates the student's creative work within the student's field and genre. The contextual essay will discuss relevant scholarship so to create a dialogue between the student's creative work and the work of earlier and contemporary artists and/or theorists. It may also include discussion of the rationale for the creative project, artistic influences, methodology, conventions of craft, artistic choices, and reflections on the student's own creative process.

## **4. Social Action Thesis**

The Social Action Thesis presents a proposal for a social justice action project, a field guide or training manual, or a description of an actual social action project undertaken by the student. The most commonly chosen research designs for proposed social action projects or those that are actually implemented are: action research, action advocacy research, case studies, and evaluation research. A social action thesis must situate the project in its scholarly context, addressing methodological, historical, critical, and theoretical implications. A substantive discussion of the rationale, ethical considerations and implications for social justice must be included in the Social Action Thesis. Either integrated throughout the thesis or in a *contextual essay* accompanying the description of the project, the Social Action Thesis must place the project in the context of relevant scholarship showing the relationship between the project, those studies that preceded it, and the work of contemporary practitioners, activists, and theorists.

### **Submission**

The student submits his/her document in its final form to his/her faculty advisor as a Word (.doc) file by the date set in the syllabus. If additional time is needed, the faculty advisor may give the student until the last day of the term to finish. If a student needs more time than this, the student must register for a Program Completion Extension (PCX), a non-credit course that carries a fee and is not eligible for financial aid. See University Catalog for details on the PCX.

The final copy must be free of typographic or spelling errors or any errors of grammar, usage, or syntax. It is the responsibility of the student to copyedit and proofread text meticulously. All material must be presented in an appropriate and neat, well-organized fashion with a clear and consistent style for headings and subheadings. Pages must be numbered consecutively throughout the body of the document. Any document containing such errors will be returned to the student for editing, resulting in a possible delay of its approval.

### Format

Style manuals differ according to discipline. Examples include The American Psychological Association Publication Manual (APA), A Manual for Writers of Term Papers, Theses, and Dissertations (Turabian), and the Modern Language Association Style Manual (MLA). The faculty advisor will assist the student in deciding which style manual is most appropriate. No matter what style manual is used, the following formatting conventions are followed:

Page Size: 8 ½"x11", portrait

Margins: Left 1.5" and right, top, and bottom margins 1.0". This allows room for the left-sided binding of a hard copy should a student opt to bind the final document.

Font Size: 12 point. Restrict or altogether avoid special font styles such as bold and italics unless dictated by the style manual of choice.

Text Alignment: Left-align only. Please do not use justify.

Spacing: Lines should be double-spaced throughout the document, with the exception of footnotes, endnotes, block quotations, bibliographic entries (double space between the entries), tables, etc.

New Paragraph: Show the beginning of a new paragraph by indenting the first line. Do not increase line spacing.

Page Numbering: Use **lower-case Roman numerals (iii, iv) for the preliminary pages. The title page, committee approval sheet, and abstract are counted but the Roman numerals should not appear on these pages.** Arabic numerals (1, 2) begin on the first page of the text, starting with page 1.

### Presentation

The document is assembled in the following order:

1. Title Page
2. Abstract
3. Acknowledgments (optional)
4. Preface (optional)
5. Table of Contents
6. List of Illustrations (optional)
7. List of Tables (optional)
8. Text (divided into introduction and chapters)

9. Appendices (optional)
10. Endnotes (optional)
11. Glossary (optional)
12. Bibliography or Works Cited

### **Title Page**

The title page lists the title of the study, the student's name, the names of the committee members, followed by the initials of their degrees, the date of submission (month and year), and these words: "Submitted in partial fulfillment of the requirements for the Master of Arts degree at Union Institute & University." The mandatory template for the title page can be found in Appendix C below – please copy and paste the template into your thesis document and make your modifications.

### **Abstract**

An abstract is a concise yet comprehensive summary of the contents of the final document condensed into one paragraph. Present the most important point in the lead sentence, followed by text that is densely packed with key information, including findings, implications, and conclusions. **The abstract should not exceed 120 words.** The mandatory template for the abstract can be found in Appendix D below.

### **Acknowledgments** (optional)

The acknowledgments page is considered part of the front matter and is paginated with lower-case Roman numerals.

### **Preface** (optional)

A preface usually offers a personal introduction into the work that follows, stating something of the reasons for undertaking the study. Preface and acknowledgments can be combined. Also part of the front matter, a preface is paginated with lower-case Roman numerals.

### **Table of Contents**

The table of contents, sometimes simply titled "Contents," includes preface, list of tables and list of illustrations (if applicable); introduction and each chapter listed separately; appendices, glossary, and endnotes (if applicable), and list of works cited or bibliography, with page numbers for each. As part of the front matter, the table of contents should be paginated with lower-case Roman numerals.

### **List of Illustrations** (optional)

If the final document contains extensive figures or illustrations, they may be listed with page numbers. Use exactly the same style and format as used on the preceding "Table of Contents" page.

### **List of Tables** (optional)

If the final document contains tables, list these with page numbers using the same style and format used for the "Table of Contents" and "List of Illustrations."

### **Introduction**

The main text begins with the introduction on page 1. In the introduction, the purpose and goals of the study are presented. What question or questions form the basis of this inquiry? Why is it significant? What is the historical background of the inquiry? What are the major theoretical schools of thought? What are the scope and limits of the study? The introduction should conclude with a brief description of each chapter, showing how the inquiry progresses from one chapter to the next.

### **Chapters**

Each chapter begins with a chapter number and title. Pagination continues consecutively from the introduction, through each chapter, until the final page of the document.

If the thesis presents the findings of an empirical research study, it may have approximately five chapters, although this may vary. The chapters would include such topics as theoretical schools of thought bearing on the inquiry, review of literature (research studies and/or critical works), research methodology (including rationale for the methods chosen, discussion of subjects, instruments, and procedures), presentation and analysis of findings, and conclusion. If the document involves critical analysis of primary records (such as historical documents, literary works, visual art, or other such materials), include chapters on theoretical schools, literature review, and methods of analysis. The concluding chapter should focus on how the research and critical analysis discussed in the body of the study have illuminated the original question(s) or have proved or disproved any hypothesis presented. It is also appropriate to make recommendations for further research.

If the thesis consists of a critical, contextual essay accompanying a collection of prose fiction, poetry, visual art, or other creative work, it may be helpful to organize the document into two parts. If appropriate, it is possible to subdivide the critical piece into chapters in part one and organize the creative work in part two. Regardless of what kind of study is undertaken, it needs to demonstrate critical awareness of theory and current literature bearing on the inquiry.

### **Appendices (optional)**

An appendix may contain various types of materials that may be helpful as further clarification or documentation but not essential parts of the main text. Some examples would be the texts of laws or policies illustrating the text, long lists, survey questionnaires, charts or tables that provide further clarification, etc. If there is more than one appendix, each one should be identified with a letter and a name.

### **Endnotes (optional)**

If endnotes are used instead of parenthetical citations or footnotes, they appear as a separate section preceding the bibliography. Endnotes are organized by chapter. The notes for each chapter start with note 1.

### **Glossary (optional)**

If a study requires frequent use of specialized terminology, it is useful to include an alphabetical list of those words with a definition for each.

### **Bibliography or Works Cited**

The last item in the final document is a bibliography of the sources consulted or cited. The content of the bibliography can vary, depending on the conventions of the field and the wishes of the faculty advisor. References are alphabetically arranged and conform to the reference style outlined in the style manual being followed.

## 2.7 GRADUATION CONFERENCE

When the thesis advisor approves the student's thesis, the following process begins:

1. Another faculty member is appointed to serve as "second reader." After reading the thesis, the second reader may approve the thesis, request changes, or deny approval.
2. While the second reader is reading the thesis, the student begins writing the graduation essay. The graduation essay is a three- to five-page narrative essay (Appendix E) in which the student reflects on their experience in the MA program and discusses how each of the University and MA Outcomes were addressed (Appendix F). The graduation essay is not graded.
3. When the second reader approves the thesis and the graduation essay has been received and distributed to both faculty members, a graduation teleconference is scheduled.
4. At the graduation conference, the student discusses their thesis and how the university and program outcomes and competencies were met. At the end of the conference, the committee may recommend the degree be granted, identify necessary revisions to the thesis and/ or additional work prior to reconsideration, or recommend that the degree not be granted.
5. Students who are required by their committee to provide additional work or to edit submitted work, have up to one month to resubmit this work to their thesis advisor. Students requiring more than one month to complete revisions must register for PCX 503, 506, or 509 **Program Completion Extension**.
6. After the thesis advisor and second reader recommend that the student graduate, the registrar's office reviews the academic record, the financial aid office checks the status of financial aid (if applicable), and the business office audits the financial records (student account). Graduation is approved and the degree awarded when all academic and financial obligations to the university have been met. The degree grant date is the last day of the last month of the student's final term of enrollment. The final transcript and diploma will be released when all clearances of the academic and administrative review have been completed.
7. The thesis advisor and second reader complete a thesis rubric (Appendix G) and graduation teleconference rubric (Appendix H). These rubrics are not used to establish a grade for the thesis but are used for university assessment purposes.

## 2.8 THESIS AWARD

### **Brian Webb Award for Outstanding MA Thesis Distinguished by Academic Rigor and Creative Thinking**

**Purpose** – This award serves two purposes:

- To recognize the students who write outstanding theses as part of their MA degree at Union Institute & University; and,
- To honor and perpetuate the memory of Dr. Brian Webb.

The award provides an opportunity to recognize outstanding student work in a public and lasting way. The recipient can add the award to their CV as an indication of the exceptional quality of their academic work. The hope is that the award winners will be identified as such in the annual Union Institute & University commencement program.

As Dr. Brian Webb was instrumental in developing the current Master of Arts program and then successfully led the program for a number of years, he laid the foundation for continued success in the MA program and its students. He exemplified the best qualities as a leader, colleague, and friend and is sorely missed by those who worked with him.

**Criteria** – The award is given for a thesis that excels in the following two categories:

- Academic rigor, and
- Creative thinking

These two criteria apply equally to all five MA majors, they are foundational to any successful scholar, they represent ideals embodied by Dr. Webb, and they reflect the goals of University Outcomes I and II and the MA Program Outcome I. The criteria are to be interpreted and applied as broadly as is reasonable. The award is based on the final thesis alone, not a review of the student's work prior to the thesis. Rather than the result of competitive evaluation, the award recognizes students who meet or exceed the established standard of excellence.

**Process** – The award is to be given:

- Upon the nomination of any of the faculty who participate in the student's graduation teleconference; and,
- The agreement of all other faculty who participate in the student's graduation teleconference.
- The nomination and concurrence will be communicated to the MA Director or Assistant Director.

Generally, no more than five awards will be given each academic year and the faculty, in its discretion, may make fewer than five awards, or no awards at all, if the eligible theses do not meet the award criteria. The award winners will be publicly announced each year.

## **Thesis Award Winners**

### **2016-17:**

- Emily Clark, HISC, “Cesarean Doulas: The influence of labor support on surgical birth on the United States”
- James Gianforti, CRST, “Malevolent Creativity in Human Medical Experimentation: A New Functional Model of Malevolent Creativity”
- Susan Grace, HISC, “Using Public Markets to Create a Sustainable Urban Landscape”
- Doug Steslow, LITW, “Intersectionality as a critical lens in postcolonial Indian novels written in English”
- Robin White, LPPS, “Engaging Unexposed Audiences with the National Park Service: An Exploration of Servant Leadership and Community Engagement at Little Rock Central High School National Historic Site”
- Elizabeth Whyte, HISC, “Marginal Trickster: The Spirit of Truth in Consideration of Gender and Ethnos”

### **2017-2018:**

- Christine Adams, CRST, “The Aesthetic Experience of Art Merged with Landscape in Sculpture Parks and Gardens: A Means for Enriching the Person-to-Nature Relationship.”
- Sara Makeba Daise, HISC, “Come on In the Room: Afrofuturism as a Path to Black Women’s Retroactive Healing.”
- Emily Deach, HISC, “German-American Culture and Identity: Reconnecting to Ethnic Heritage.”
- Jennifer Downing, LPPS, “Action Learning to Develop Collaborative Leadership Capacity for Social Change.”
- Candace Drave, HISC, “Traveling in Wide Grooves and Transmitting Frequencies: A History of Sound Technology, Business, and Culture during Acoustic and Electrical Eras of Recording.”
- Elizabeth Higgs, HISC, “Creative Dissent in Contemporary U.S. Presidential Politics.”
- Amy Myszko, HWEL, “Breastfeeding Support for Preterm Infants in the NICU: Understanding the Neo-Baby Friendly Hospital Initiative.”

### **2018-2019:**

- Jacqueline Adams, LITW, “Martin and Malcolm: Challenging Misrepresentations Through Rhetorical Analysis.”
- Rebecca Franzen, HWEL, “Infant Sleep Location, Bed-Sharing, and Safe Sleep Education”
- Meegan Hall, HISC, “Philosophy and Posture: Modern Yoga as Cultural Dialogue”
- Alyssa Harris, HISC, “Black Women Artists: Navigating Oppressive Structures and Establishing an Identity in American Popular Music”
- Justin Parker, LPPS, “Cryptocurrency and the Dark Web: The New Era of Criminals and the Necessity for a Department Policy to Investigate Them.”
- Kamisha Ruffin, CRST, “The Seams of My Craft: A Writing Journey.”

Sarah Scalph, HISC, “A Cover’s Worth a Thousand Words: A Study of the State of America’s Library Bindings”

### **2019-2020:**

Adrienne Dyslin, CRST, “The Influence of Chef Thomas Keller: A Culinary Creativity Case Study”

Miya Fowler, HISC, “Reaching Back, Feeling In, Dancing Forward: The Convergence of African Dance and Somatics for the Negotiation of Black Women’s Embodiment”

Grace Goodwin Dwyer, HWEL, “Experience of Women Following a Low Carbohydrate Diet While Breastfeeding”

Petra Anne Roser, LITW, “The Female Narrative in Addiction Memoir”

### **2020-2021**

Jennifer Fell, HWEL, “Neonatal Congenital Heart Disease and Human Milk: Measuring Staff Knowledge and Confidence When Assessing Infant Feeding Capabilities and Implementing Evidence-Based Feeding Recommendations:

Terry Garrett, HISC, “Reconstructing the Old Norse Religion through Original Sources”

Sherisa Moore, LACT, “Knowledge, Attitudes, Practices and Factors that Influence Breastfeeding for Black Women in the United States.”

Austin Ohm, CRST, “Creativity and Well-Being”

Kate Pond, LITW, “Sapience” The (Attempted) Making of a Modern Myth: Storybuilding as a Component of Social Justice.”

Woden Teachout, EDUC, “Faculty Development as Parallel Play in the Sandbox: The Writing Across the Curriculum Online (WAC-O) Action Research Project”

### **2021-2022**

Gary Cornelius, LITW, “Exploring the Strange Land Called Young Adult Literature”

Elizabeth Higgs, CRST, “Two Voices, One Song: Creative Collaboration, Poetic and Musical Self-Expression”

Rachel Hunter, EDUC, “Preschool in Rural Vermont: Its Influence on Literacy and Behavior Outcomes”

Rachel Owens, LACT, "The Effects of Maternity Leave Length on Breastfeeding Outcomes".

Kels Park, LPPS, “Proud Boys and Pride Aroostook: Application of Coalition Theory in Rural Queer Communities”

### **2022-2023**

Sarah Bergh, EDUC, “Teachers’ Online Teaching Experiences during the COVID-19 Pandemic: What Worked?”

Nicole Ferweda, CRST, “Crime, Creativity & Ethics: Why Creativity Should Be Viewed as a Neutral Construct”

## **PART III – POLICIES REGARDING SUPERVISED CLINICAL PRACTICE AND SUPERVISED EXPERIENTIAL LEARNING**

The MA with a major in Human Lactation Studies requires two terms of supervised clinical practice [SCP] and the MA with a major in Applied Nutrition and Dietetics requires multiple terms of supervised experiential learning [SEL]. Both of these take place at sites external to UI&U and involve learning activities that are directly supervised by preceptors. Unless otherwise noted all of the following policies apply equally to SCP and SEL.

### **3.1 Proof of Health, Travel, and Liability Insurance:**

#### **3.1.1 Health Insurance**

Students are required to maintain health insurance coverage while enrolled in SCP or SEL. Most clinical sites require this of students. Students must complete a verification of insurance before starting SCP or SEL. Students must notify the MA Program if he or she discontinues health insurance coverage.

#### **3.1.2 Liability Insurance**

Students are required to maintain professional liability insurance while enrolled in SCP or SEL. This insurance is to insulate students from potential malpractice lawsuits and is a standard requirement by SCP and SEL sites. As a professional, you will need to maintain professional liability coverage throughout your career.

If you carry other liability insurance, it may be possible to have a rider added for this purpose. Delay purchasing insurance until the affiliation agreement has been signed. The agreement will stipulate the amount of insurance the student must provide. Previous students have purchased liability insurance from the following vendors: [Proliability](#), [CF&M](#) and [Seabury & Smith](#).

The standard insurance limits that Experiential Learning sites require are:

\$1 million per occurrence

\$3 million aggregate

#### **3.1.3 Travel Insurance**

Clinical sites will require travel and students must assume the responsibility for transportation to and from such activities, including supervised practice rotations, practicum, internship, field trips, and travel to professional meetings. It is highly recommended that students have reliable transportation and students are required to maintain automobile insurance on their vehicle. Neither Union Institute & University nor any location where required SCP or SEL take place will be liable for student safety while traveling to and from those locations.

Proof of health, liability, and travel insurance may be scanned and emailed to Alicia Simpson, [alicia.simpson@myunion.edu](mailto:alicia.simpson@myunion.edu).

## **3.2 Absence, Injury or Illness**

### **3.2.1 Absence from SCP/SEL Rotations**

Student Leave of Absence Policy is available in the university catalog at <https://myunion.edu/catalog/>

Students are responsible for notifying preceptors, course instructors, and the MA Program at the beginning of the course or SCP/SEL rotation if absence from classes or rotations is anticipated. Students should work out the details of making up missed work with their preceptor and report a written plan for making up missed work to the preceptor and the MA Program. When unexcused absences become problematic, the preceptor and/or the MA Program will provide a verbal and written warning to the student. Following a warning, a student will receive a grade of U and be dismissed from the MA Program if unexcused absences exceed > 20% of work time.

Students, who are chronically tardy (> one day/week), will receive a verbal and written warning from the preceptor and/or the MA Program. If chronic tardiness continues the student may receive a grade of U and be dismissed from the MA Program.

Provisions must be made to the satisfaction of the faculty and/or preceptor for coverage of coursework or duties during the students' absence. Students will need to make up any SCP/SEL hours missed in order for them to meet their overall required number of practice hours.

### **3.2.2 Injury or Illness While in the Facility for SCP/SEL**

Union Institute & University or the SCP/SEL sites are not responsible for injuries or illness occurring to students during their rotations. If the illness or injury is due to negligence on the part of the facility, the student may file a personal injury claim against the facility. If an illness occurs while the student is at the facility, they will be directed to go to the nearest health clinic at their own expense. Students should use safe health precautions when ill and/or injured and discuss their signs and symptoms with the preceptor. It is the student's responsibility to ensure the safety and health of themselves and the individuals with whom they work.

## **3.3 Academic Calendar**

The university calendar is available at <https://myunion.edu/academic-calendar/>. The didactic components of courses in the Human Lactation Studies major and the Applied Nutrition and Dietetics major are scheduled in compliance with the Union Institute & University Academic Calendar. The MA Program will abide by all scheduled holidays, breaks, and closings. The three annual terms are sixteen weeks each.

Students are expected to observe the same holidays as the worksite employees during their SCP/SEL rotations. These days may include the day after Thanksgiving, Spring Break, 4th of July, Memorial Day, etc. The assigned SCP/SEL dates may include days or weeks when UI&U is not in session. Students are expected to observe the same regulations regarding working hours as employees of the institution/agency where they are assigned. The student is required to be at the assigned SCP/SEL site during the same hours as the preceptor. If the student has a scheduling conflict with the rotations they will need to discuss it with their preceptor. If they cannot come to

an agreement with their preceptor, contact the MA Program. Students should review the course sequencing and plan their vacations accordingly.

### **3.4 Site Selection**

The supervised practice site must be conducive to learning and be able to provide experiences to meet specific accreditation required competencies. Preceptors at the facility must have the appropriate credentials and expertise relative to their area of practice. The facility must be willing to assign the preceptors and staff the appropriate length of time required to educate and train the students. It is required that all preceptors and staff at the training site recognize that students are there for learning purposes and are not to routinely replace employees. An affiliation agreement will be executed by Union Institute & University administration and the facility providing experiences.

Reasons for discontinuation of a supervised practice site include failure to provide the students with the required learning opportunities to meet specific required competencies and student complaints related to unethical or inappropriate behaviors experienced at the site.

Each year, the appropriateness of supervised practice facilities will be reviewed by the program annually or based on changes in the program and/or changes that have occurred in the supervised practice facility that might impact the ability of the facility to provide the needed learning experiences.

## APPENDICES

### Appendix A:

#### Master of Arts Preliminary Program of Study

Student Name:  
Student ID:  
Address and phone:

Major:  
Faculty Advisor:

**Instructions:** Review the academic calendar, MA course listings, and recommended program of study in the University Catalog, and meet with your advisor. Below, fill in the terms you plan to be enrolled (e.g., 2223 F or Fall 2022), and the courses you will take in each. One important issue to consider is whether you will need 1 or 2 terms to complete your thesis (full-time students have 1 term to finish; part-time students have 2 terms). Though it is possible to switch between 6 and 9 credits, if you plan to do this you need to pay attention to prerequisites and plan ahead. Please consult with your advisor and the program office about your options if you decide to switch between full-time and part-time status.

#### Preliminary Program of Study

##### First Term:

Course 1:  
Course 2:  
Course 3:  
Total credits:

##### Second Term:

Course 1:  
Course 2:  
Course 3:  
Total credits:

##### Third Term:

Course 1:  
Course 2:  
Course 3:  
Total credits:

##### Fourth Term:

Course 1:  
Course 2:  
Course 3:  
Total credits:

##### Fifth Term:

Course 1:  
Course 2:  
Course 3:  
Total credits:

##### Sixth Term:

Course 1:  
Course 2:  
Course 3:  
Total credits:

##### Seventh Term:

Course 1:  
Course 2:  
Course 3:  
Total credits:

**Total credits completed:**

## **Meeting with your Advisor**

When you meet with your faculty advisor, make sure you go over the following policies from the University Catalog:

- MA course sequence and progression of program
- Satisfactory Academic Progress under MA Program, and under Financial Aid sections (withdrawals and U grades affect your academic and financial aid status)
- Incomplete Policy
- Program Completion Extension

If you or your advisor have questions about how any of the above works or applies to you, please contact the program office.

## **Changes to your Program of Study**

If you need to change your program of study because you withdraw or fail a course, or you need to change the number of credits you are taking, you will fill out a new Preliminary Program of Study form, in consultation with your advisor and the program office. When changing your program of study you need to take into account prerequisites. Occasionally students who drop or fail a course end up with a term in which they can only take 3 credits, and therefore are not eligible for financial aid. Please consider this before you withdraw from or fail a course.

## **Signatures**

Student: I have read and understand the policies outlined in the university catalog and on this form. I agree to follow the program of study on this form, and to consult with my advisor and fill out a new form if I need to make changes to my program of study.

*Student Signature:*

Advisor: I have discussed the university and program policies with the student and agree that this program of study is appropriate.

*Advisor Signature:*

*Program Office Signature:*

## Appendix B:

### THESIS PROPOSAL

Name:

Date:

Area of Concentration:

Field of Study:

Working Title of Thesis:

#### I. Introduction and Descriptive Summary

*Provide overview of proposed research project.*

##### A. Statement of Problem or Research Question

*State the question or issue your thesis will address.*

##### B. Purpose and Potential Value of Study

*State your reason(s) for pursuing this question/topic.*

- *What existing gap in understanding will your project address; how might it facilitate future research in the field?*
- *State the social relevance of your proposed study -- “why does it matter?” and describe the anticipated value of the study to the larger community (i.e. what you hope to learn, and how it will be of value to others)*

##### C. Literature Review and Theoretical Foundation of Study

*Provide brief literature review (no more than 5 pages) that describes context of study and presents key research on this topic or related issues including:*

- *Theoretical schools of thought/ approaches that you will draw upon.*
- *Key research studies and/or scholars that inform your study.*

##### D. Research Design and Approach

- *Describe the framework (qualitative, quantitative, or blended), and strategy (survey, ethnography, case study, narrative research, literary criticism, historical research, etc.) that you will use in your research, and provide rationale for your approach.*
- *What will your document include (for example, review of the literature, presentation and analysis of original research, case studies etc.)*
- *For studies in the Social Sciences, describe method of data collection and analysis:*
  - *What data will you collect?*
  - *Describe the method(s) you will use to collect your data.*
  - *Describe how you will analyze your data.*

##### E. Ethical and Social Responsibility in Research

- *Describe the issues involved in ethics in research generally (plagiarism and human subjects), ethical issues in your field, and any potential ethical issues your study involves.*
- *Will you involve human subjects in your research? \_\_\_\_yes \_\_\_\_no*
- *If yes, have you received IRB approval for your project? \_\_\_\_yes \_\_\_\_no*

For more information on Institutional Review Board procedures, see:  
<http://www.myunion.edu/administration/offices/institutional-effectiveness/institutional-review-board/index.html>

## **F. Social and Global Perspectives in your Field**

- Describe the ways in which issues of oppression, power or social privilege manifest in your project, paying attention to individual, cultural and/or societal levels
- Reflect on how issues of oppression, power, and privilege manifest in your own life, with particular emphasis on how they have shaped your sources of knowledge and the issues that you explore in your thesis.

## **II. Narrative Table of Contents**

*The Master of Arts Program offers a variety of thesis formats:*

***The Traditional Thesis in which** the student will demonstrate her/his knowledge of the body of scholarship pertaining to her/his question. The thesis will be about sixty pages in length and may use the standard five-chapter model or a more flexible model such as an introduction, three chapters, and conclusion. For the Narrative Table of Contents section of the Thesis Proposal, each chapter should relate to the question to be addressed and should lead to the following chapter in a logical manner. The descriptions should be substantial and specific in content indicating the major theories, research, and/or methodology on which the learner will be drawing in each case. Each chapter must have a preliminary title.*

***The Manuscript Thesis** is a Traditional Thesis that is constructed around a manuscript suitable for publication in a peer reviewed journal. When the five-chapter model is used, the manuscript serves as Chapter 4 of the thesis. The manuscript will follow the author guidelines for the prospective journal and as with a Traditional Thesis it will demonstrate the student's knowledge of the body of scholarship pertaining to her/his question.*

***The Creative Thesis or Social Action Thesis** is comprised of two parts: 1) your creative work or social action project accompanied by 2) a contextual essay in which you address your creative influences or related projects and the relevant scholarship that informs your work.*

*Following is an example of the Narrative Table of Contents:*

### **INTRODUCTION**

The Introduction will address the following:

- the question(s) or issues to be addressed including definitions of key terms,
- relevant background information,
- the approach, method(s), and/or theoretical framework employed,
- ethical implications of study,
- social relevance of study,

and will describe how the thesis is structured.

### **CHAPTER 1. THE PROCESS OF POLICY MAKING IN AMERICA**

This chapter will focus on how American social policy is made, from both a civics and a practical perspective....]

CHAPTER 2. TITLE

CHAPTER 3. TITLE

CONCLUSIONS

[The final chapter will draw together the points raised in each of the preceding chapters and summarize learning....]

### **III. Preliminary Bibliography**

Include preliminary bibliography of sources you intend to consult for your Thesis (bibliographic entries must use correct citation style).

**Faculty signature/date:** \_\_\_\_\_

**Student signature/date:** \_\_\_\_\_

rev. 8.2018

**Appendix C: Thesis Title Page Template.** Follow template exactly and fill in information in indicated areas, then delete brackets. Do not add formatting or change line spacing. You can copy and paste this into your document and fill out the required information.

## ABSTRACT

An abstract of the thesis of [First Name Last Name] for the Master of Arts degree, Union Institute & University, [Month, Year].

Title: [Write Title of the Thesis]

[Write the text of abstract here. It should not exceed 120 words. Present the most important point in your lead sentence, followed by text that is densely packed with key information, including your findings, implications, and conclusions.]

## Appendix E:

### Master of Arts Program Graduation Essay

**Student Name:**  
**Major:**

**Date:**  
**Field of Study:**

*Write a 3-5 page narrative essay reflecting on your experience and learning gained during your study in UI&U's Master of Arts Program. Please address how you achieved each of the Learning Outcomes listed below. Send your essay as an attachment to an email to the faculty person with whom you're working on your thesis. Once this Graduation Essay is received and both your core faculty and second reader agree that your thesis is complete, your graduation teleconference meeting will be scheduled.*

**I. Communication:** *Express and interpret ideas clearly, using a variety of written, oral, and/or visual forms.*

**II. Critical and Creative Thinking:** *Use different modes of disciplinary and interdisciplinary inquiry to explore ideas and issues from multiple perspectives.*

**III. Ethical and Social Responsibility:** *Express ethical and social implications of one's social, professional, artistic, and/or scholarly practice.*

**IV. Social and Global Perspectives:** *Articulate a perspective on power in the world and one's own place in the global community.*

**Vi. M.A. Program Outcome:** *Demonstrate knowledge of the scholarly conversation (evolution of ideas, major debates, theories, methods, and/or approaches) related to field(s) of study.*

**Vii. M.A. Program Outcome:** *Academic inquiry is informed by application and/or experiential learning.*

Rev. Jan. 2016

## Appendix F

### Union Institute & University University Outcomes (I-IV) and MA Program Outcome (V1-2)

**I. Communication:** Express and interpret ideas clearly, using a variety of written and oral and/or visual forms.

**II. Critical and Creative Thinking:** Use different modes of disciplinary and interdisciplinary inquire to explore ideas and issues from multiple perspectives.

**III. Ethical and Social Responsibility:** Express ethical and social implications in one's social, professional, artistic and/or scholarly practice.

**IV. Social and Global Perspectives:** Articulate a perspective on power in the world and one's own place in the global community.

**V. 1. Knowledge Base:** Demonstrates knowledge of the scholarly conversation (evolution of ideas, major debates, theories, methods, and/or approaches) related to the field(s) of study:

**V.2. Application and/or Experiential Learning:** Academic inquiry is informed by application and/or experiential learning.

Date:

Thesis Components	Outcome Criteria	Sub-Components	Level 1: Below Expectations	Level 2	Level 3: Meets Expectations	Level 4	Level 5: Exceeds Expectations
Research Question	Critical & Creative Thinking	Primary Research Question	<input type="checkbox"/> Primary question is unclear.		<input type="checkbox"/> Primary question is clear		<input type="checkbox"/> Primary question is clear and shows originality and innovative thinking
		Secondary Research Questions	<input type="checkbox"/> Sub-questions are absent or do not relate to the primary question.		<input type="checkbox"/> Sub-questions relate to the primary question		<input type="checkbox"/> Sub-questions relate to the primary question in innovative and original ways.
Data Collection & Presentation	Critical & Creative Thinking	Breadth and Depth of Evidence	<input type="checkbox"/> Evidence is gathered from limited sources.		<input type="checkbox"/> Evidence is gathered from a variety of relevant sources.		<input type="checkbox"/> Detailed, in-depth evidence gathered from a wide variety of sources including disparate interdisciplinary sources.
		Relation to Research Questions	<input type="checkbox"/> Evidence gathered does not clearly relate to primary or secondary research questions.		<input type="checkbox"/> Evidence relates to the primary and secondary research questions		<input type="checkbox"/> Evidence consistently illuminates the primary and secondary research questions in innovative ways.
		Accuracy of Evidence	<input type="checkbox"/> Evidence gathered is not historically accurate		<input type="checkbox"/> Evidence gathered is historically accurate		<input type="checkbox"/>
	Global Perspectives	Diverse Perspectives	<input type="checkbox"/> Evidence gathered represents a single perspective.		<input type="checkbox"/> Evidence gathered represents some diversity of perspectives, peoples, or cultures in the field.		<input type="checkbox"/> Evidence gathered represents a rich diversity of perspectives, peoples, or cultures in the field.
Data Classification and Analysis	Critical & Creative Thinking	Analytical Connections	<input type="checkbox"/> Limited connections made between evidence, subtopics, counterarguments, and thesis/topic		<input type="checkbox"/> Connections made between evidence, subtopics, counterarguments and thesis/topic showing identifiable instance of analysis		<input type="checkbox"/> Critical evaluation of data that consistently makes relevant, innovative, and unexpected connections between evidence, subtopics, counterarguments, and thesis/topic.
		Depth of Analysis	<input type="checkbox"/> Lack of coherent analysis		<input type="checkbox"/> Analysis presents some evidence of originality and intuitive thinking		<input type="checkbox"/> Evidence of intuitive and/or imaginative thinking, originality, elaborating on relationships, patterns, and associations

Conclusions and Recommendations (Synthesis)	Critical & Creative Thinking	Development of Ideas	<input type="checkbox"/> Lacks clear and logical development of ideas.		<input type="checkbox"/> Clear and logical treatment of relevant scholarly literature.		<input type="checkbox"/> Clear, logical, and thorough treatment of relevant scholarly literature. Coherent conclusions based on different viewpoints; conclusion reflecting use of innovative approach in using field; praxis & concepts based on a given case of argument.
Format: Writing and Documentation	Communications	Organization, grammar and spelling.	<input type="checkbox"/> Coherence and organization inconsistent, a number of grammatical & typographical errors		<input type="checkbox"/> Mostly coherent, organized & free of grammatical & typographical errors.		<input type="checkbox"/> Coherent, organized and free of grammatical and typographical errors.
		Documentation of sources	<input type="checkbox"/> Lack of care in documenting sources.		<input type="checkbox"/> Sources are properly documented with a few errors noted.		<input type="checkbox"/> Sources are consistently properly documented.
Relevance*	Ethical & Social Responsibility	Ethical Implications	<input type="checkbox"/> Ethical implications of study are not addressed.		<input type="checkbox"/> Some reflection on ethical issues raised in study.		<input type="checkbox"/> Thoughtful reflection on ethical issues raised in study. Clear analysis of relation of ethical implications to larger world.
		Social Responsibility	<input type="checkbox"/> Little attempt to explain social implications of study		<input type="checkbox"/> Some analysis of social context of study.		<input type="checkbox"/> Detailed assessment of social context of study and clear statement of study's relevance.
	Global Perspectives	Global context	<input type="checkbox"/> Minimally addresses the relevant implications of study in global context.		<input type="checkbox"/> Addresses the relevant implications of study within global context.		<input type="checkbox"/> Presents an in-depth consideration of relevant implications of the research to a broader global context.

\*Degree and level of Relevance may vary across majors. Specific guidelines will be provided by faculty advisor to the student on this component.

### COMMITTEE GRADUATION CONFERENCE

Student Name:

Committee Members:

Field of Study:

Date:

Outcomes/Competencies	Level 1: Below Expectations	Level 2	Level 3: meets expectations	Level 4	Level 5: exceeds expectations
<b>I Communication:</b> <i>Express and interpret ideas clearly, using a variety of written, oral, and/or visual forms.</i>					
a. Consistently uses standard English	<input type="checkbox"/> Does not use standard English	<input type="checkbox"/>	<input type="checkbox"/> Uses standard English	<input type="checkbox"/>	<input type="checkbox"/> No errors in standard English
b. Analyzes, critiques, and synthesizes scholarly literature in the field	<input type="checkbox"/> Does not analyze, critique, or synthesize.	<input type="checkbox"/>	<input type="checkbox"/> One or more of analysis, criticism, or synthesis are present but not all three.	<input type="checkbox"/>	<input type="checkbox"/> Demonstrates ability to analyze, critique, and synthesize.
c. Reflects critically on experience related to acquired knowledge.	<input type="checkbox"/> Does not reflect critically on experience related to acquired knowledge.	<input type="checkbox"/>	<input type="checkbox"/> Reflects critically on experience related to acquired knowledge.	<input type="checkbox"/>	<input type="checkbox"/> Integrates arguments with critical reflection on experience related to acquired knowledge
d. Documents sources consistently using appropriate academic citation style	<input type="checkbox"/> Does not document sources correctly.	<input type="checkbox"/>	<input type="checkbox"/> Documents sources correctly some of the time.	<input type="checkbox"/>	<input type="checkbox"/> Consistently and correctly documents sources.
<b>II Critical and Creative Thinking:</b> <i>Use different modes of disciplinary and interdisciplinary inquiry to explore ideas and issues from multiple perspectives.</i>					
a. Includes a variety of scholarly perspectives, ideas, and/ or theories	<input type="checkbox"/> Limited scholarly perspective, ideas, and/or theories	<input type="checkbox"/>	<input type="checkbox"/> Identifies multiple scholarly perspectives, ideas, and/or theories.	<input type="checkbox"/>	<input type="checkbox"/> Presents claims or arguments that integrate or draw upon a variety of scholarly perspectives, ideas, and/or theories.
b. Connects theory with practice	<input type="checkbox"/> Does not connect theory with practice	<input type="checkbox"/>	<input type="checkbox"/> Identifies one or more connections between theory and practice	<input type="checkbox"/>	<input type="checkbox"/> Embeds the connection between theory and practice into claims or arguments.
c. Initiates a new practice or draws conclusions based on theoretical understanding	<input type="checkbox"/> Does not initiate a new practice or draw conclusions based on theoretical understanding	<input type="checkbox"/>	<input type="checkbox"/> Initiates a new practice or draws conclusions based on theoretical understanding	<input type="checkbox"/>	<input type="checkbox"/> Draws conclusions that are innovative and original or initiates a new practice that has potential application elsewhere.
Outcomes/Competencies	Level 1: Below Expectations	Level 2	Level 3: meets expectations	Level 4	Level 5: exceeds expectations
<b>III Ethical and Social Responsibility:</b> <i>Express ethical and social implications in one's social, professional, artistic, and/or scholarly practice.</i>					

a. Includes knowledge of ethics in research and capacity for ethical reasoning.	<input type="checkbox"/> Does not include knowledge of ethics in research or ethical reasoning.	<input type="checkbox"/>	<input type="checkbox"/> Includes either knowledge of ethics in research or ethical reasoning, but not both.	<input type="checkbox"/>	<input type="checkbox"/> Includes both knowledge of ethics in research and ethical reasoning.
b. Articulates understanding of social relevance of study	<input type="checkbox"/> Social relevance of study not articulated.	<input type="checkbox"/>	<input type="checkbox"/> Articulates social relevance of study.	<input type="checkbox"/>	<input type="checkbox"/> Articulates social relevance of study in complex or unexpected ways.
<b>IV Social and Global Perspectives:</b> <i>Articulate a perspective on power in the world and one's own place in the global community.</i>					
a. Discusses the ways oppression, power, or social privilege can be present at individual, cultural, and societal levels.	<input type="checkbox"/> No discussion of oppression, power, or privilege	<input type="checkbox"/>	<input type="checkbox"/> Discusses oppression, power, or privilege	<input type="checkbox"/>	<input type="checkbox"/> Integrates into the central argument ways that oppression, power, or privilege can be present at individual, cultural, and societal levels.
b. Exhibits ongoing critical reflection on issues of oppression, power, or privilege in one's own life.	<input type="checkbox"/> Includes no critical reflection on issues of oppression, power, or privilege in one's own life.	<input type="checkbox"/>	<input type="checkbox"/> Includes critical reflection on issues of oppression, power, or privilege in one's own life.	<input type="checkbox"/>	<input type="checkbox"/> Demonstrates an understanding or draws conclusions about the role of oppression, power, or privilege in one's own life.
<b>V.1 Knowledge Base:</b> <i>Demonstrates knowledge of the scholarly conversation (evolution of ideas, major debates, theories, methods, and/or approaches) related to field(s) of study.</i>					
a. Identifies one or more major debates, theories, methods, and/or approaches within the field(s) of study.	<input type="checkbox"/> Fails to identify major debates, theories, methods, and/or approaches within the field(s) of study.	<input type="checkbox"/>	<input type="checkbox"/> Identifies one or more major debates, theories, methods, and/or approaches within the field(s) of study.	<input type="checkbox"/>	<input type="checkbox"/> Identifies and synthesizes major debates, theories, methods, and/or approaches in relation to student's inquiry.
<b>V.2 Application and/or Experiential Learning:</b> <i>Academic Inquiry is informed by application and/or experiential learning.</i>					
a. Reflects on how applied and/or experiential learning informs inquiry.	<input type="checkbox"/> Reports on applied or experiential learning but fails to address how these experiences inform inquiry	<input type="checkbox"/>	<input type="checkbox"/> Offers basic reflection on how applied and/or experiential learning informs inquiry.	<input type="checkbox"/>	<input type="checkbox"/> Reflects on the relationship between specific application of theory and/or experiential learning and academic inquiry in the context of theories of adult and/or experiential education.

**Comments (Optional):**

Appendix I:

UNION INSTITUTE & UNIVERSITY  
AFFILIATION AGREEMENT

This agreement is made and entered by and between **FACILITY NAME, CITY, STATE**, hereinafter called "CENTER" and UNION INSTITUTE & UNIVERSITY, hereinafter called "SCHOOL".

WHEREAS, CENTER operates accredited or licensed facilities at **CITY, STATE** and

WHEREAS, SCHOOL operates a school which offers a Master of Arts with a major in Applied Nutrition and Dietetics/Human Lactation Studies, and

WHEREAS, the Parties desire to advance the Master of Arts with a major in Applied Nutrition and Dietetics/Human Lactation Studies education and aid in meeting the ever increasing demand in the State and Nation for trained health professionals, and to make available better health service to patients, and

WHEREAS, it is deemed advisable and to the best interest of the parties to establish an affiliation for the purpose of carrying out these objectives,

NOW THEREFORE, for and in consideration of the foregoing and in further consideration of the mutual benefits, the Parties hereto agree as follows:

ARTICLE I  
TERM AND TERMINATION

The original term of this agreement starts \_\_\_\_\_ and ends \_\_\_\_\_. Upon expiration of the original term of this agreement, this agreement shall continue in full force and effect on a year-to-year basis unless thirty (30) days written notice of termination is given by either party to the contract.

Either party may terminate this agreement at any time with or without cause by giving the other party thirty (30) days written notice to terminate; however, students assigned at CENTER's facilities when termination notice is given shall be permitted to complete their current internship at CENTER's option.

ARTICLE II  
RESPONSIBILITIES OF THE PARTIES

CENTER will:

1. Allow the use of its facilities for the education and training of SCHOOL's students.
2. Provide clinical staff supervision of students by currently licensed and/or registered dietitian in conjunction with faculty from SCHOOL.

3. Provide access for faculty and students to its patients and its patient medical records as part of the students' clinical training program.
4. Periodically review the specific programmatic efforts and number of students to participate at CENTER, both factors being subject to mutual agreement of Parties prior to the beginning of the clinical experience.
5. Maintain responsibility for the policies, procedures, and administrative guidelines to be used in the operation of its facilities.
6. Encourage its staff to participate in the educational activities of SCHOOL.
7. Participate, if available, upon request by SCHOOL, in any annual program review activities of SCHOOL which are directed toward continuing program improvement.
8. Maintain authority and responsibility for care given to its patients.
9. Be entitled to remove a student from the affiliation when continuance would interfere with its primary responsibility of patient care.
10. Be responsible for safety of the student in travel to and from assigned areas within the CENTER.
11. Agree that students doing supervised learning experiences must not be used to replace employees.

SCHOOL will:

1. Maintain the authority and responsibility for education programs for its students which may be conducted within CENTER's facilities.
2. Inform its faculty and students of the requirement to comply with CENTER's policies and procedures when in attendance at CENTER's facilities.
3. Provide faculty participation, if requested by CENTER, and if available, on committees and task forces of CENTER.
4. Provide a certificate of Insurance for General Liability Insurance.
5. Inform all students that they must purchase professional liability insurance and show proof of such insurance upon request.
6. Inform all students that they are not employees of CENTER and have no claim against CENTER for any employment benefits.
7. Require student to present a copy of health insurance.
8. Require that if a student is traveling to and from the CENTER by personal motor vehicle that a copy of student's motor vehicle insurance policy is furnished. SCHOOL is not responsible for safety of the student as they travel to, from, or within the CENTER
9. Not be responsible for illness or injury of student while in the CENTER

### ARTICLE III RESEARCH

It is understood that clinical research programs based at CENTER be encouraged in order to strengthen the academic program and will be subject to rules and regulations of CENTER in developing such programs. This does not mean that either party is prohibited from developing research programs of its own, not related to the academic program of the other party. Joint research programs will not be initiated without prior written approval of both parties.

### ARTICLE IV SEVERABILITY

If any term or provision of this agreement is held to be invalid for any reason, the invalidity of that section shall not affect the validity of any other section of this agreement provided that any invalid provision is not material to the overall purpose and operations of this agreement. The

remaining provisions of this agreement shall continue in full force and effect and shall in no way be affected, impaired, or invalidated.

#### ARTICLE V AMENDMENT

This agreement may be amended in writing to include any provisions that are agreed to by the contracting parties.

#### ARTICLE VI VENUE

This agreement shall be governed by and construed and enforced in accordance with the laws of the State of [STATE]. Venue will be in accordance with the [STATE] Civil Practice & Remedies Code and any amendments thereto.

#### ARTICLE VII ASSIGNMENT

Neither party shall have the right to assign or transfer their rights to any third parties under this agreement without the prior written consent of the other party.

#### ARTICLE VIII INDEPENDENT CONTRACTOR STATUS

Nothing in this agreement is intended nor shall be construed to create an employer/employee relationship between contracting parties. The sole interest and responsibility of the parties is to ensure that the services covered by this agreement shall be performed and rendered in a competent, efficient, and satisfactory manner.

IN WITNESS WHEREOF, the undersigned parties do hereby bind themselves to the faithful performance of this contract.

Acknowledgement of Understanding for Students in the  
MA majors in Human Lactation Studies  
and Applied Nutrition and Dietetics

I, \_\_\_\_\_  
(Student Name, please print)

have read the current MA Student Handbook, in its entirety. I fully understand the content of ALL of these documents, and agree to abide by these policies and procedures as outlined. I fully understand that by not fully following these policies and procedures in their entirety may lead to a dismissal from MA Program, affiliated Supervised Clinical Practice or Supervised Experiential Learning locations, and Union Institute & University. I agree to assume the student responsibilities provided in these documents.
